S.G.A. Dedication To Dr. Wesley Cornelius McClure

By Vincent Lamarr

Many components have gone into the operation of the present S.G.A. administration. Although much support has been offered little has actually been given. A rare individual has definitely aided the operations the S.G.A. has encountered.

Assistance offered willingly by Dr. Wesley C. McClure has made the difference between success and failure in many instances. Had not that friendly generous voice been there, processes would have seemed non-feasible at times. Luckily, that honest, concerned, optimistic wave

link never has failed to exist.

Students are well aware of the questions that usually do not get answered properly. We are also aware of the needed information we should get that is overlooked.

Dr. Wesley C. McClure, many words are to be said of our appreciation for you during your tenure at St. Augustine's College. The student body of St. Augustine's sincerely thanks you for elevating pro-student attitudes in this environment.

The knowledge and love you have shared at the Aug will always remain.
