

YES YOU CAN.

Even though money's tight, you've got the power to help a young person you care about get a college education.

Just tell them about Army ROTC four-, three- and two-year college scholarships. These scholarships can be used at most of the nation's leading colleges and universities. They cover full tuition, required fees, and an amount for books and supplies. And they provide an allowance of up to \$1,000 each school year they're in effect.

What's more, ROTC recently set aside hundreds of scholarships for students working toward degrees in engineering and other highly technical fields.

ROTC scholarships pay off after graduation, too. Army officers are given real responsibility. And enjoy all the privileges, prestige, and personal rewards that go with being Second Lieutenants.

So if you know students who feel there's no way they can make it to college, remember this: You can help them become the very best they can be.

Yes you can! And Army ROTC can show you the way.
