

## Student Survey

The American Music Awards is now history and your favorite music maker may or may not have been nominated. For that matter, your favorite artist may or may not have even won an award. Whether you thought "Jazzy Jeff" or Gladys Knight and her Pips should have won, you now have an opportunity to let everyone know what kind of music plays best in Falcon Territory.

Keep your eyes on the calendar because on Wednesday, April 12, the Soul Train Awards will host the best of Black music. Perhaps this will be the real McKoy!

Please fill out the survey below and return to the resident assistant or dormitory directors or the editor's box in 304 Boyer. Results will be printed in the March/April issue of the PEN.

### Editor's Note!

The PEN received so many Valentine's love lines that we were unable to print them all. However, we will put the remainder in the next issue.
