Poet's Corner

Master Manipulator

He lurks in the shadows preying on innocence and devotion.

*He only intends to nourish his own needs.
His eyes are daggers in my broken heart.*

*I should have known better than to extend my love to him.
I was lonely and had no control over my basic female needs.*

I exposed my self to his lust and animal attraction.

*I opened my heart and my arms to him.
He cried for affection but he revealed manipulation and hate.*

*I was tricked and deceived by temptation for love
But instead I received a few moments of pleasure.*

*I now live with the true identity of this man.
He is really a master manipulator and villain from the start.*

He plays with a woman's heart for pleasure and the challenge of his own personal game.

*I will always be to him a flower
He has plucked for his male ego game.*
