During the summer President Goold attended the Wellesley Conference for Church Workers and while north preached at St. Luke's Chapel, New York City, the Vicar of which is Rev. F. Ricksford Meyers, a graduate of St. Augustine's. He also attended the National Conference of Church Workers among Colored People held at St. James Church, Baltimore, October 2-5, and made a short address about St. Augustine's College. An interesting program dealt with phases of Negro work throughout the Nation. There was a large attendance of Negro clergy and lay workers. The President of the Conference was a graduate of St. Augustine's, the Rev. Dr. John W. Herritage, Rector of St. Michael's Church, Charlotte, N. C.

### ST. AUGUSTINE'S AS SEEN THROUGH A FRESHMAN'S EYES

By A FRESHMAN

After a freshman's sojourn in college for the approximate time of two to four weeks, one question is continually asked him. That is, "How do you like college?" Heretofore I have usually responded with a short remark as, "It's fine," or "It's grand!" Now, given the opportunity to do so, I will give a fuller response.

Whereas I had expected to find a cold, formidable place I was given the pleasant surprise of finding that college contains a warm, friendly atmosphere. Every one proved to be so pleasant and friendly that one could not help but fall in line with everything.

The dormitory is large, well kept, and equipped with all modern improvements. I have been fortunate in securing for a room-mate a girl who has all the qualities that one can desire in an ideal room-mate.

One's home environment contains interest, love, friendliness, cheerfulness, cleanliness, and offers companionship. Considering these facts I feel confident that my stay at St. Augustine's College will be spent in contentment, for it has all the characteristics of being a close equivalent of home life.
