

CAMPUS NOTES

Friends and alumni will be glad to learn the Superintendent J. W. Holmes, who suffered an attack of illness late in the summer has returned to his duties, and is steadily regaining his strength. Dean Emeritus Boyer is enjoying greatly improved health and vigor, and is much more active than at any time during the past year.

Mrs. Julia B. Delany during the past summer completed all requirements for the master of arts degree at Columbia University, and will receive the degree at the Winter Convocation. Mrs. Delany is giving full time this year in the English Department.

The Rt. Rev. Shirley H. Nichols, S.T.D., Bishop of Kyoto, Japan, visited the College November 19th, and gave an enlightening chapel address on the religions of Japan and the methods of the Church in propagating Christianity.

New members of the College staff this session are Mr. Louis W. Roberts and Mr. Allen E. Weatherford. Mr. Roberts is a graduate of Fisk University, and earned the M.S. degree at the University of Michigan. He is serving as teacher of physics and mathematics in the absence of Prof. James R. Lawson, who is studying for the Ph.D. degree at the University of Michigan. Prof. Lawson is on leave to take advantage of a Rosenwald Fund fellowship.

Mr. Weatherford replaces Mr. George H. Mitchell, resigned, as Director of Athletics and Proctor. He is a graduate of Hampton and Springfield College, at which latter he received the degree of Master of Education in health and physical education. Mr. Weatherford was formerly dean of men and athletic director at Bishop College in Marshall, Texas.

Miss Theodora Boyd, professor of French, returned after a year's leave at Radcliffe, where she was pursuing work for a Ph.D. degree on a General Education Board fellowship.

The students and faculty have enjoyed several enlightening addresses in recent mid-week assemblies, including one on the National Youth Administration by Mr. Charles Edward Boyer and another on the WPA recreation service by Mr. Leander Backus. Both visitors are connected with the State central offices as supervisors of the respective projects.

The offering of Sunday, November 14th, was presented to the Raleigh Community Chest. Pledges of members of the staff of the College and St. Agnes Hospital amounted to more than a hundred dollars, and the Bishop Tuttle School gave \$50. The Tuttle Community Center is one of the organizations receiving some assistance from the Chest.

During the summer extensive repairs were made in the chapel. The floor was renovated and covered throughout the nave with a composition covering, a new heating plant was installed and the organ thoroughly overhauled. These improvements were made possible by a bequest of Miss Mary L. Gates, referred to in the last issue of the RECORD. At the Sunday morning

ST. AGNES HOSPITAL

A number of the older graduates have visited the hospital this summer. Among them was Miss Rebecca Hennie of the class of '26 who was on leave from Sea View Hospital, Staten Island, where she is employed, while recovering from an appendectomy. With her came her classmate, Miss Broadhurst, who has been in charge of the Susie Cheatham Hospital, Oxford, for a number of years. Mrs. Annie Smith Fields, '27, succeeded Miss Virginia Dare Joyner, '29, there when the latter went to the Good Samaritan Hospital and both were visitors to the hospital. Miss Lillie Mae Saunders, '29, was also a welcome visitor as she had been in the north for some years. She is now working for the state of New Jersey, doing public health work in Atlantic City.

Miss Frances Stenson, '32, and Miss Essie Williams, '32, came to see Miss Zimmerman and me off on our Puerto Rican cruise. Both are floor nurses at Harlem Hospital, New York.

At St. Agnes, there have been few changes. Miss Doris L. Miller, class of '36, has taken over the operating room. Miss Irenie Pitt's resignation made it necessary to employ another graduate as Historian, and Miss Edith Anderson, '37, is filling the position very acceptably. Miss Marie E. Gary, '31, is doing similar work at the L. Richardson Hospital in Greensboro.

Miss Ethel M. Young is back with us after her year's leave of absence, and the school is running smoothly as usual when she is at the helm. In July a Dietitian was added to our staff in the person of Miss Josephine E. Thomas, B.S., Howard University, and Sister Anna Mary gladly gave up meal planning and devotes her whole time to the home and its occupants.

FRANCES A. WORRALL, Supt.

service of October 31st four brass offering plates, a gift of the local Woman's Auxiliary in memory of this faithful member, were dedicated to the memory of Miss Gates. A tablet has been placed on the organ, which reads:

The renovation of the flooring, heating and organ of this Chapel was made possible by a generous bequest of Miss Mary Lois Gates, who for twenty-five years was a highly useful worker at St. Augustine's, and a devoted communicant. Died October 14, 1936.

Through bequests of Miss Gates, April first, her birthday has been endowed at St. Agnes Hospital and a tuition scholarship has been established at the Bishop Tuttle School.

The students and faculty extend to Miss Theodora Boyd, professor of French, their condolence on the recent loss of her mother, who died in West Newton, Mass.

Prof. A. P. Chippey and a delegation of four students attended the diocesan Student Conference, held in Greensboro recently. The Conference was well attended by students representing most of the colleges and universities of the State. An inspiring program produced great enthusiasm, and the good fellowship characteristic of the meeting is expected to show lasting results.
