	1-3 P.M.	9:00 Classes - MWF Psychology 21, Math 1

WHO'S NEXT?

Dorm students must think the Rocky Mount hospital is a main attraction. At last count seven of the eighteen boys and girls had made a visit to the hospital for professional help, not counting visits of a social nature.

Broken and cracked bones took George Marshall, John Alden, and Ervin Cullipher to the hospital. Linwood Joyner's shoulder was x-rayed and treated after he hurt it in a football game. Brenda Rose was treated for vertigo.

Strained muscles proved double trouble, taking Jerry Chesson and Evelyn Harris to the hospital. Evelyn spent five days in the hospital after she won an unofficial championship of Wesleyan College. Evelyn won her championship by doing 33 sit-ups to beat David caison who had done 30.

GRADES

First semester grades will be available February 1. If a student wishes to have his grades before then he should take a self-addressed postal card to the exam and enclose it in the exam Blue Book. The grades will be sent to the student as soon as the exam is graded.

NAMES NEEDED

The student body of Wesleyan College has done much to establish and found the college. One important task remains to be done. A nick-name must be chosen for the school as a whole, then names for the publications and classes. It is always advisable to select a name, rather than to be given one.

Suggestions for the nick-name of the school, and names for the publications and Freshman Class may be made in the Publications Room.
