

SGA

Bills, articles, amendments, proposals, and confusion. That's all a part of establishing a Democratic Student Government. Bills and all permanent policy must be spelled out in words to make very clear exactly what the students want for the future.

Everyone seems to ask, "In plain simple words, what has the student body established in the first two bills it passed?"

These first two bills passed concern only the election of SGA and class officers including the requirements for nomination, campaign procedures, and the time of election.

Vann Massey, President of the SGA, has asked the students to consider one other question, "How can I be a good citizen and help my Student Government?"

Vann suggests that a good citizen is one who keeps himself informed and open-minded to the discussion of the Student Government and its functions.

HANDBOOK TO GO TO PRESS

Yes, it's true. The Handbook is nearing completion and should go to press soon so that it will be back for Wesleyan students by the middle of May.

This year's handbook will include an introduction and campus pictures, the college calendar, information concerning the organization and activities of the college, and group pictures including all students in the college. As a special feature there will be an insert by the college with the rules and regulations so that the book may be used next year for orientation of new students.

The Handbook Committee consists of Albert Boone, chairman, Royall Brown, Patsy Matthews, David Caison, and Jane Smith.

AWARDS

GIVEN

Recently six of the ten winners of the Wesleyan Awards were announced. They were Etta Brown Spivey of Hobbsville, Gains Edward Hopkins of Altamahaw, Robert Otis Stephens of Route 3, Roxboro, Donald Ray Sessoms of Weldon, Bonita Louise Pitzer and Barbara Leigh Hall, both of Rocky Mount.

The Scholarships are given on the basis of scholastic ability, leadership capacity, and financial need. Their value is \$1800 to be used during the four year period.
