PUN FUN

The little league team was leading its opponent 2 to 1 in the bottom of the last inning. The team was trying to protect its lead when the pitcher walked the first batter. The coach quickly called in his ace relief pitcher, a boy by the name of Mill Famey. Mill Famey, though, had found a can of beer in the bull pen and had drunk it without the coach knowing it. So he walked the first four men, forcing the winning run. After the game one of the players on the winning team saw the empty beer can and asked what it was. A teammate replied, "Why, don't you know? That's the Beer that made Mill Famey Walk Us."

By the way, kids, Mini ha ha is back!

Most of us who condemn immorality are those of us who just never got asked.

CREAM OF BISHOP'S CROP

SOCCER PESSIMISM

by Steve Smith

The N. C. W. soccer team has shown little of its pre-supposed potential in its first two games, losing their first match to Guilford (2-1) and their more recent loss to Wilmington (4-1).

The first game with Guilford was very close throughout the entire contest. Wesleyan captured the lead late in the first half by a free kick booted by Ralph Thomas. But in the second half, Guilford tied it up and finally won in overtime.

The second game with Wilmington was completely dominated by our foes, with the bewildered Bishop remaining stagnant until the second half.

A big "if" in pre-season scouting was the offensive punch of our front line. As to this point it has been almost completely stymied, with little alertness shown.

It may be a discouraging start, but the potential is still there, so let's get out there and support the blue and gold.
