Manson Bishop Of The Week

BILL MANSON
"Bishop of the Week"

Bill Manson, a freshman forward and guard, was named basketball's "Bishop of the Week" in the DECREE poll for last week.

In two wins by N. C. Wesleyan's Jayvees during the week, Manson scored 20 and 41 points, putting on one of the best performances of his career in his 41-point outburst as the "Battling Bishops" downed the Pepsi-Cola team 92-66.

Manson, who measures 6' 1" and weighs 168 pounds was praised by Rich Alsberry a fellow teammate, "Bill is a tremendous ballplayer who gives a 100 per cent all the time."

In the game with Pembroke State University that same week, Manson hit 2 for 3 for 66%. He is shooting 100% from the foul line with 9 for 9. At that time Manson had an approximate 44% scoring average.

Bill is the son of Mr. and Mrs. William Manson of Richmond, Virginia.

Bragg, N. C. by the score of 89-75.

The victory came as the result of a sparkling exhibition of coordinated pressure defense and offense. The Bishops stole the ball on several occasions and cashed in on these for vital points.

The Wesleyan cagers were led once again by Bill Manson with 31 points. Manson has contributed 92 points in the Jayvees last three games. Jim Colbertson was next with 20; followed by Bob Denig with 18; Rich Alsberry and Willie Mitchell each with eight; Bob Lauranzon with 4; and Hilton Martin with 2.

Sgt. Barnes took scoring honors for the night with 35 points. This is Fort Braggs second loss to the Bishops.

ed as a student asking support by the Senate to circulate a petition for these contracts to be renewed. This petition was to be issued by Senators to the dorms and to be returned in 3 days. He felt that the statement submitted by the administration for rise in tuition was contrary to action previously taken by the administration of faculty renewals.

It was felt that the academic quality would be lowered if they were not asked to return. The petition presented by Doug stated: "We, the undersigned, feel that the failure to renew the contracts of Mrs. Smith and Mrs. Mann constitutes a severe threat to the quality of the academic community of N.C.W.C. and we strongly suggest that they be retained."

Lynda Land proposed the motion to circulate this petition in the dorms and have it returned within 3 days. Joan Martin

seconded it.

Dean Cordts asked the help of all Senators in asking students to be understanding and help out when the Chamber of Commerce has their banquet in the cafeteria on Tuesday, January 19 at 6:45. This banquet will consist of 400 who will be eating by candle light with table cloths. Students will be served between the hours of 4:30 and 5:30; they may be seated in the north end of the cafeteria, the snack bar and the faculty lounge. Ed Gunter asked that the cafeteria serve a regular meal on Sunday evening--not the usual picnic supper--since the students will have this type meal on Tuesday night. He also suggested that flowers be placed in student mailboxes the preceding Monday for a reminder the students of these aforementioned plans. An announcement will be made at Conventions Tuesday, January 14, about this matter. It was moved and seconded that the Senate meeting be adjourned at 8:15 p.m.

behind the specific choice of Mrs. Mann and Mrs. Smith. The answer given by that administration was that their removal would do the least damage to the overall programs.

At one point, faculty sources revealed that Mrs. Smith and Mrs. Mann had been chosen because they were married women and therefore not sole supporters of themselves of their families.

Faculty members took steps to protect the rights of the two instructors. Chapter officers of the American Association of University Professors, Drs. Baxter Johnson, and King consulted with President Collins

Manson Misquoted

In the last issue of the DECREE, Bill Manson was quoted incorrectly in a statement issued to the DECREE by him. The quote should have read as follows: "I could not have done without the help of the team." The sports writer regrets this error.

Thursday afternoon. They pointed out that (according to AAUP recommendations) in the case of professors' having been in the college for three years, the school is recommended to give the instructor one year's notice if the contract is not to be renewed. Dr. Collins responded that the AAUP's recommendation was considered only a recommendation in times of financial emergency.
