## MEMO

(Continued from Page 2)

form is to be allowed access to the campus, for the student's own protection, of course. For this reason, the administration will no longer sanction parties on or off campus. Parties encourage alcohol consumption. Hereafter, alcohol consumption, as well as possession is against school policy.

Students who defy this policy will be punished. For the first offense, the student will be put to bed with no dinner and a severe reprimand. When caught a second time with alcohol, the

student must write "I will not consume alcohol," 1,982 times. Upon the third offense the student faces a week of solitary confinement in a janitorial broom closet and for the fourth offense he must undergo electroshock treatment. If the student still persists in alcohol consumption after all of the other punishments and warnings, there is nothing left to do for him except to send him in front of a firing squad. These measures should totally eliminate any trace of alcohol on campus. Alcohol simply will not be tolerated!
