

Is adventure or romance 'you'?

Please answer the questions below with the letter "A," "B," or "C."

1. What would you rather do on a Sunday afternoon?

- A. Read a novel.
- B. Go antique hunting.
- C. Go mountain climbing.

2. What is your idea of a perfect evening?

- A. Candelight dinner for two.
- B. Foreign film festival.
- C. Party for 50 people.

3. In your dreams, do you dream of which of the following?

- A. Being swept away.
- B. Being in the headlines.
- C. Being President.

4. Which would you prefer the color of your bedroom to be?

- A. Pink floral.
- B. White.
- C. Different colors and styles.

5. Which is your most favorite food?

- A. Fresh raspberries.

B. Smoked salmon.

C. Sushi (raw fish).

6. Which is your most favorite movie?

- A. Gone with the Wind.
- B. Casablanca.
- C. Raiders of the Lost Ark.

Add up the total number of "A's," total number of "B's," and the total number of "C's." Now put the total of each "A" over 6, the total of each "B" over 6, and the total of each "C" over 6. If your top number was "6" you are totally this type of a person; if it was "5" or "4" you are well into being this type of person; if it was "3" you are half this type of a person; if it was a "2" you are partially this type of person; and if was a "1" you are a tiny bit this type of a person.

Now the different types of a person are as follows: All the "A's" stand for a Romantic person, all of the "B's" stand for a Sophisticated person, and all the "C's" stand for an Adventurous person.

What type of person are you?

Campus likes Decree

By TOM RIVERS

Members of the President's Council of North Carolina Wesleyan College feel *The Decree* is fulfilling the responsibilities a college newspaper has to its community. These responsibilities, according to members of the council, are to report current issues to the community and to keep members of the community aware of what is happening on campus.

The members of the council think a college newspaper is good for the college. Ray Kirkland, Vice President of Finance, said a college newspaper is an "excellent opportunity for students to express themselves. It is a valuable part of the education process and should be available to students." Dr. Marshall Brooks, Acting Academic Dean, said that "it assists the college in communicating plans and issues to the community" that otherwise the community would be unaware of.

The council members support *The Decree* and feel it has improved in its purpose over the last two years. Carl Pagles, Dean of Admissions and Financial Aid, said "he is always willing to part *The Decree* in the hands of a prospective student. Pagles also said, "I think the paper has become a better instrument of communication this year than it was last year. I look forward to seeing it

because it has improved." Brooks pointed out that *The Decree* is now mailed to the members of the Board of Trustees. He said, "We (the council) have enough confidence in *The Decree* to do that."

"I'm appreciative of the student involvement and I like to see that," said Brooks, expressing the need for student involvement in *The Decree*. Kirkland said, "the more student involvement, the more I like."

The only main problem with *The Decree* the members expressed was the lack of time the students put into developing the stories. Richard Dollar, Vice President of Development, said he felt the reporters were sometimes unsure of what they needed to know and therefore resulted in a poor story appearing in *The Decree*. Dollar, however, said he feels *The Decree* has a tremendous amount of potential in being a service to the institution by serving the student body.

Members of the council felt there are a few things that could be added to *The Decree* to make it more useful to the students. Dr. Carleton McKita, Dean of Student Life, said he would like to see more reporting of upcoming events in the Residence Halls and upcoming events for events such as Spring Fling. Brooks

said he would like to see more photographs and from time-to-time maybe even a photographic essay of on-campus events.

The Decree seems to be fulfilling the duties of what a college newspaper should do for the community. According to the members of the council the council members encourage student involvement in *The Decree* and hope that continued improvement will take place with *The Decree*.

Cutbacks in loans have major impact

As many as four of every 10 students who have Guaranteed Student Loans may not be able to get a GSL for next year, financial aid experts now are saying.

More than half the "independent" students — those who are financially on their own — will lose all or part of their GSLs for 1987-88, adds Dr. Jerry Davis of the Pennsylvania Higher Education Assistance Agency (PHEAA), which in early March reassessed the impact on students of new aid rules going into effect this year.

The impact, in fact, seems to be much more dramatic than educators predicted last October.

\$1,000 Scholarship in Technical Communication

The Carolina Chapter of the Society for Technical Communications will sponsor a \$1,000 scholarship in technical communication for the 1987-88 year. The purpose of the scholarship is to encourage new talent to enter the field of technical communication and to honor students with demonstrated talent and achievement in this field.

WHO IS ELIGIBLE?

You are eligible for this scholarship if you are attending college in North Carolina at a full-time student at any level: two-year program, bachelor's degree program, or graduate school. Your application will be evaluated on the basis of your academic achievement, the relevance of your academic and job experience to a career in technical communication. Your application should explain your career goals and demonstrate your understanding of the field of technical communication.

HOW DO I APPLY?

Send these application materials:

- Letter of Application
- Resume
- Academic Transcript
- Sample of Work

To this address: Dr. Carol W. Pollard
 STC-CC Education Committee
 Department of English
 North Carolina State University
 Raleigh, NC 27695-8105

Postmarked by this date: June 1, 1987
 Applicants will be notified by June 30.
