

(Continued from page 9)

that game, it looks as if they are well on their way to a successful season.

We wish a speedy recovery for Elsie Edwards, Beulah Weaver, Katherine Garrett and Tempie Page, all of whom are employees of the Seaming Department. We hope they will be back real soon.

Frances Jackson, of the Inspecting Department, has a beautiful as well as an interesting hobby. She raises iris and can boast of over 170 varieties. The lawn of "Square Acres", her home in Landrum, S. C., is attractively landscaped with iris and candytuft, which she enjoys sharing with her friends. Quite adept at flower arranging, she has won prizes for her work.

Congratulations to Mr. and Mrs. Russell Durham on the birth of a son, Brantley Hollan, born on May 15. Russell is a first shift fixer in the Knitting Department.

Welcome to newcomers John Chitwood, cleaner; Harley Jackson, fireman and watchman; and to Ellen Parker, Nell Gosnell, Bessie Pittman and Louise Denton Pruette, all of the Seaming Department.

The Kay Connors have a new daughter, Jacqueline. Kay is a knitter and Lucy a seamer at Plant #8.

A son, Rickie, was born to Mr. and Mrs. Abria Campbell recently. Wilma is employed in our Seaming Department.

Mr. and Mrs. John Spurlin are the proud parents of a fine son, Joseph Wiley, who is now seven months old.

PLANT NO. 9

Minnie Spurlin and Frank Smith were married on April 22 at the First Baptist Church in Forest City, N. C. We miss having Minnie, a redrawer, with us, but we wish for her every hap-

piness!

We hope Lona Fox will soon be well and able to return to work. She is a coner at Plant #9.

We have two new grandmothers in our plant. Lillie Spurlin, a redrawer, has a new granddaughter, Carmela Petrine Metcalf, born on March 3. And Bessie Whitesides, who operates a duplex machine, has a new granddaughter, Pamela Denise, born on April 9.

Albert Durham, fixer, is shown with his daughter, Teresa, eight months old. Teresa's grandparents are employed at Adams-Millis, also. Her grandmother, Roxie Durham is a mender at Plant #8, and her grandfather, Troy Durham, is a supervisor at Plant #9.

Our deepest sympathy goes to Katie Phillips in the loss of her eleven-months-old son, Clifford Stott, on May 14. Katie is a duplexer.

* * * * *

HAVE YOU EARNED TOMORROW?

Is anybody happier because you passed his way?

Or is someone mighty grateful for a deed you did today?

Is a single heart rejoicing over what you did or said?

Does a man whose hopes were fading now with courage look ahead?

As you close your eyes in slumber, do you think God might say

You have earned one more tomorrow by the work you did today.

* * * * *

I do not believe you can do today's job with yesterday's methods and be in business tomorrow.

--Nelson Jackson
