Composing Staff - Chas. Deviney, Jr., Addline Hill and Ruth Ellington.

I have called upon Thee, for Thou wilt hear me, O God. --(Psalms 17:6)

Such is the complete and absolute trust in God, our Father in Heaven, of the true seeker after righteousness. He knows, and ever re-affirms, that God--all-good, all-wise and all-loving-kindness--will hear his every prayer for help, for strength, and for guidance. Of such is Faith.

Cost Interest. . .

It has been found that employees who are the most interested in costs of what they produce are also the ones who do the best job. . . just as the housewife who cares about the price and value of what she buys is the one who gets the most for her money.

The person who cares about what different elements of a product cost usually knows what parts of his job need the most careful attention. He knows how he can help to keep costs down. He usually has good ideas for improvements which will save on costs.

We all have an important stake in lower costs. It is up to us to get some idea of the costs on our jobs. We can then improve our own performance for the benefit of all.
