had 100% pledging and in Kernersville, six departments reported every employee made a pledge. The increased participation in all plants was very encouraging.

Your United Fund agencies serve you and your community the year round. Every person is urged to take advantage of the facilities and services of the organizations supported through this medium of community

sharing. The United Appeals in High Point, Surry County and Forsyth County have reported their campaigns successful, with each of them having reached its goal. The splendid community spirit shown in each area gives every person pride in a job well done.

The voluntary work done by all workers in the campaigns is deeply appreciated, as are all of the individual pledges, large or small.
