## TED WILLIAMSON NAMED PRESIDENT OF FABRICS DIVISION McINTYRE IS PLANT MANAGER

*Williamson*

*McIntyre*

Ted Williamson, Jr. has been named president of Adams-Millis Fabrics; he succeeds Jack C. Shoffner who resigned his post on January 25.

Williamson, who has been with the Fabrics Division as vice president of manufacturing since July of 1973, previously had been general manager of the Washington, N. C. industrial complex of National Spinning Company. Before that, he had been vice president of manufacturing and a partner of Spanco Industries, Inc., of Greenville, S. C., and director of manufacturing for the women's wear apparel and men's wear apparel division of Deering-Milliken.

He is the father of three children, one of whom is a nurse and the other two students at the University of South Carolina.

Shoffner will serve out his term as a director of Adams-Millis Corporation and will act as an advisor to the company.

Carl L. McIntyre has been promoted to the position of plant manager of the Adams-Millis Fabrics Haw River plant. He was plant manager of S & S Knitting Mills prior to its acquisition by Adams-Millis Corporation. He has been with A-M Fabrics since August of 1973.

Carl is married and has three children. His wife, Lucy, is employed by Western Electric in Burlington. He enjoys sports, especially golf and dancing.

## GORDON APPOINTED HOSIERY INDUSTRIAL ENGINEER

C. Douglas Gordon has been named industrial engineer for Adams-Millis Hosiery Company, according to an announcement by Jon Wallner, senior vice-president of the company.

Gordon has been engaged in industrial engineering since his graduation from Allen Jay High School. While holding full time jobs, he has attended Guilford College, High Point College and the University of North Carolina at Charlotte, majoring in economics.

His successful leadership in industrial engineering includes lay-outs for three plant expansions, incentive maintenance, and methods improvements. He has established time study standards, frequency checks, and employee training programs. He has also been instrumental in cost reduction programs including labor and material standards and costs.

Douglas Gordon is a member of the American Institute of Industrial Engineers and the International Management Council. He is married to the former Marianne Hutton, daughter of Marion Hutton, sales representative of Adams-Millis Hosiery. The Gordons have two children; a daughter, Jeni and a son, Michael. They are members of Springfield Friends Church.

### HOW TO BOIL WATER

Bring water to boil, then reduce the heat. Once water boils, it gets no hotter - it just uses more electricity.

### A LOAD DAY

Save your dishes until you have a full load for dishwasher. Try to limit your use to one load a day - preferably after the evening meal. And always measure dishwasher detergent exactly.
