

# Promotions

The following organizational changes within the Information Services and Administrative Services Departments were announced recently:

C.D. Oakes, Vice President of Administrative Services, has been assigned the additional responsibility of Director of Information Services. As such, he will have responsibility for all data processing functions within the company. Oakes will continue to report to Michael L. Ryan, Senior Vice President--Administration and Human Resources.

Bill K. Clodfelter is Manager of Programming reporting to Oakes. He will have overall responsibility for all programming activities within the department.

Libby B. Sluder is Assistant Programming Manager reporting to Clodfelter.

Roger A. Zimmerman is manager of Systems and Development. He will have overall responsibility for all systems and development operations within the Information Services Department and will report to Oakes.

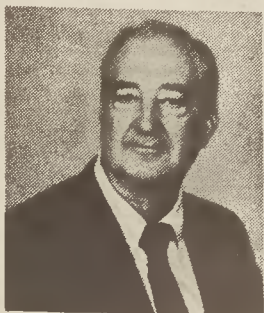

Bill Newman has been promoted to Database Administrator for the database on the company's new Nixdorf computer. In his new assignment he reports to Oakes. Bill will be responsible for planning and coordination of the five corporate database activities--organization, protection, efficiency, maintenance and documentation.

Carol A. Upton has been promoted to Manager of Customer Services. Carol will have overall responsibility for processing customer orders as generated by Adams-Millis Sales Company. She will also have responsibility for the Traffic Department and reports to Oakes.

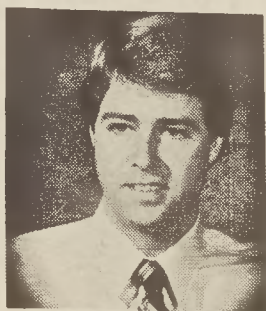

B. Gail Tedder is Assistant Manager of Customer Service reporting to Ms. Upton.

Several other employees at Adams-Millis Corporation recently have received promotions. Within the Planning Department, Carroll E. Lineback has been named Planning Manager--Central Planning and reports to Roy R. Gaston, Director of Planning. Carroll will be responsible for production plans, schedules and inventory at the finishing plants. Production Control Managers Joe Justice, Plant 3, Deborah Sprouse, Plant 6, and Bill Harmon, Plant 11 will report to Carroll.

Cliff Brown will also report to

C.D. Oakes

Carol Upton

Jimmy Carrick

Roy Gaster as the Greige Planning Manager--Central Planning. He will be handling production plans, schedules and inventory of Greige goods.

Evelyn Gray has been promoted to Customer Order Expeditor--Central Planning. She is responsible for tracking, expediting and maintaining the current status of customer orders through the finishing plants. Evelyn reports to Gaster.

Rebecca Lewis, Planning Coordinator--Central Planning, is the lead order clerk. She is responsible for preparation of work orders, inventory records for pack and hold and revolving stock, and maintenance of planning reports. She reports to Gaster, also.

Other promotions include Jimmy Carrick, Knitting Supervisor for the third shift at Plant 1 in High Point. He reports to Gary Swain, Plant Manager. Jimmy had been a fixer at Plant 1 since he joined the company in 1983.

Steven Hodges has been promoted from Dye Machine Operator to Second Shift Supervisor for the Dyehouse at Plant 11 in Mount Airy. He reports to Wade Felts, Dyehouse and Greige Goods Manager. Steven is to supervise and to insure that production needs are met. He has been with the company for two years.

Oleeta Chilton has been named Lead Data Entry Operator at Plant 11 in Mount Airy, reporting to Phil Thorpe, Operations

Manager. Her responsibilities include assigning work, maintaining the work flow of all data to be keyed, and transmitting and receiving data from High Point. Oleeta has been employed since 1980.

Mae Nelson has been named Lead Data Entry Operator at Plant 3 in Kernersville. Mae's new position involves transmitting and receiving data from High Point assigning work and maintaining the flow of keying data at Plant 3. She also reports to Thorpe.

Sara Hamrick has been promoted to Scanner Operator for Information Services. She reports to Gerry Bailey, Data Preparation Supervisor. Sara has

been a Data Entry Operator since her employment in 1978.

Judy Stone has been named Plant Stylist for Plant 1 in High

Point. She reports to Gary Swain, Plant Manager, and is responsible for running all samples and costs on new styles. Judy has nine years of service with the company.

Kathy Rutherford has been promoted to Data Entry Operator in the Longfold Department at Plant 3 in Kernersville. She is responsible for keying information from OCR tickets, sending goods to flow lanes and spotting incorrect information before it goes through.

We congratulate all these employees on their promotions.

## In Memoriam

Helen Inez Perry

Helen Inez Perry, 39, a seven-year employee of Adams-Millis Plant 8, Franklinton, died July 19 following a short illness.

A Franklinton native, she was a member of Shiloh Baptist Church in Kittrell.

She is survived by her husband Joseph Perry Jr., seven children, mother, four sisters, one brother and one granddaughter.

Many of her Adams-Millis co-workers served as floral bearers at her funeral service.
