

# They Figure Time, Make Our Checks

This month we meet the payroll department—the one unit of Anvil Brand that no employee would want to do without.

These workers meet daily deadlines in posting the daily earnings of the Anvil Brand family—and in addition they must meet other deadlines every two weeks in issuing the payroll checks.

Their deadlines are the ones that **MUST** be met. None of us can imagine a payroll rolling around and being handed, instead of our checks, a memo saying because “so and so” was sick the pay checks will be delayed a few days.

When an illness or vacation requires a payroll worker to be out it means that others in his department have to pitch in and carry the extra load.

The payroll department at the Hudson office writes all the payroll checks. However, they have help in keeping up with the daily earnings of employees at Sherrod and at Independence.

At the Independence plant the payroll work is done by Agnes Harrington. She went to work at that plant in 1951, after finishing a short business course at West Virginia Business College. She started work on the cuff tack machine and was moved to the office when the plant was being engineered in September of 1951. She takes care of most of the other office work at Independence, also. Her husband, French, is service manager at Mundy's Chevrolet in Independence.

Up at the Sherrod division the payroll work is done by Ruth Moser and Gloria King. Ruth, who is married to W. L. Moser—a fireman here for 28 years, has been with Sherrod for 11 years. She used to have to make out tickets, take care of the Independence payroll, and do numerous other tasks in addition to her regular Sherrod payroll work. Growth of the company has necessitated others assuming her other duties.

Gloria came to Sherrod in November of 1952 and she has been in payroll work the whole time. She is married to Albert King and they have one son, Gary, two years of age. The couple has just moved into their new home at Trinity.

Ruth Lyerly is the oldest payroll worker in years with the company. She came in February 1946, and has been in payroll the entire

**INDEPENDENCE PAYROLL**— Agnes Harrington figures the payroll at the Independence division.

time. She supervises the payroll work done at Hudson and catches up all the “loose ends” in the figuring of daily earnings—such as the cutting room at Hudson, pattern, etc.

Ruth is married to Johnny Lyerly, a foreman for Grinell Contractors of Charlotte. They have one daughter, Ruth Ann, 13 years. They live off Kivett Drive.

Jo Albertson came with the company in 1950 and also, has been in payroll the entire time. Jo, although doing some figuring now, will soon turn it over to Ruth and write all the company payroll checks. She is writing most of them now.

Jo lives with her parents, Mr. and Mrs. R. G. Albertson, Route 2, Trinity.

Mona Bryant also came here in 1950. She started in dungaree and later worked in cutting and on the switchboard before being trans-

**AT SHERROD** — The payroll work at the Sherrod division is done by Gloria King, left, and Ruth Moser who has been with Sherrod for 11 years, looking after payroll all that time.

ferred to payroll. She still does relief work on the switchboard and figures the ladies' dungaree payroll.

Mona is married to Virgil Bryant who works at Trende Furniture Company. The couple live at 413 Friddle Street and have one daughter, Pam, 15 months.

Sylvia Tate came to the payroll department in 1951 and then left after nine months to attend college. She returned in March of 1952 and has been with the department since that time and now figures the shipping payroll. Sylvia lives with her parents, Mr. and Mrs. J. B. Tate of 900 Meredith Street.

Barbara Mendenhall does the pants department payroll figuring. She came here in May of 1952, starting in the dungaree department and transferring to payroll in July of that year. She lives

with her parents, Mr. and Mrs. C. W. Mendenhall, on Route 5, High Point.

Carley Kearns works up the shirt department's payroll. She came with Anvil Brand in March of 1953 and has been in the payroll department all the time. Her husband is Paul Kearns who works at Piedmont Electric Co. They live on Route 2, Trinity.

Joel Paul came to Anvil Brand in July of 1953, starting in the printing office. He transferred to payroll in April of this year. He is married to Sylvia Briley and they have one daughter, Vickie Lynn, a month old. They are building a new home but at the present time they live at 1436 South Main St. Joel figures the payroll for the overall and boxer department.

Charles Odum also transferred to the payroll department in April
