

Personnel Changes

FRUIT BASKET TURN OVER — This is almost what you could say about the job changes the three Anvil Brand employees above are making. Seated left is Nancy Hyde who has gone from traffic to hite Office. Center is Mona Bryant, who is transferring from Hudson office to Engineering office. Right is Patsy Inman who has moved from the ticket office at Sherrod to Hudson office. And the nice part about all these changes is that each job is a promotion.

AUDRA EDWARDS

Two promotions have been announced from Independence with Audra Edwards advanced to training supervisor and Kathleen Hackler to the office from Inspecting.

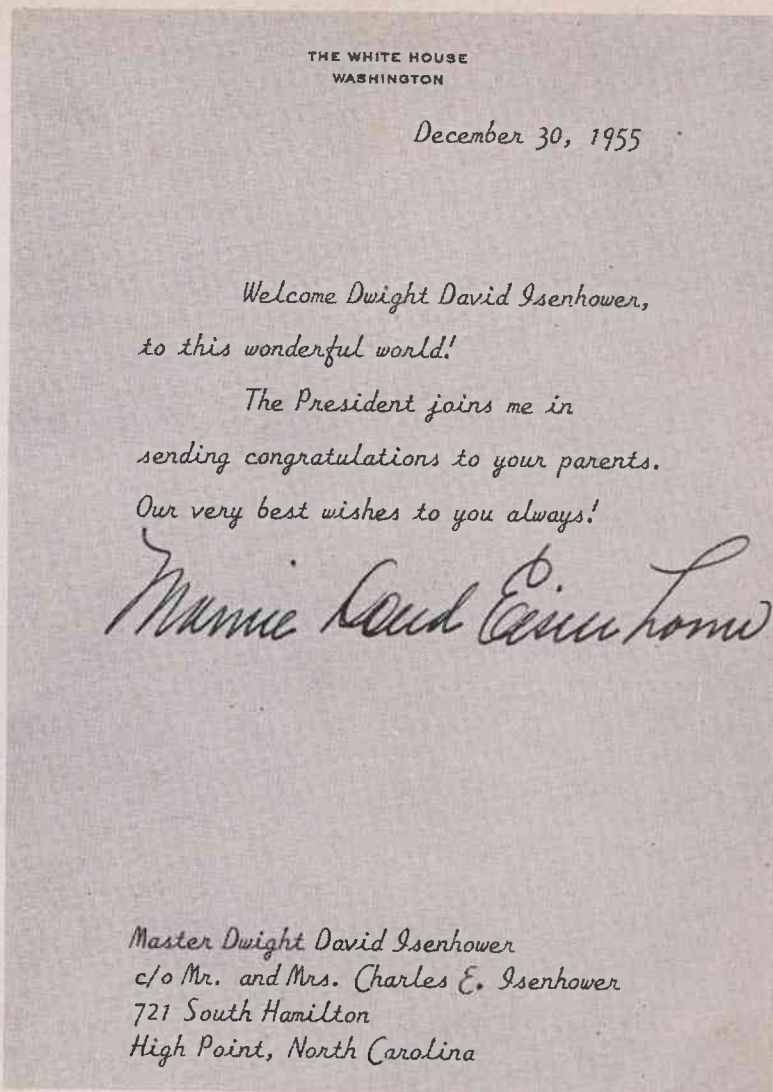

Audra came to Anvil Brand in May, 1954, and has been restitching hip pockets and turning front and hip pockets. Her husband is John Mac Edwards and they live on a farm with their two sons, Jerry, 8, and Rickey, 3.

KATHLEEN HACKLER

Kathleen came with Anvil Brand in Sepember, 1952. Her husband is Arnold Hackler and is employed by Burlington Mills in Galax, Va. They own their own home and live in Elk Creek, Va.

Kathleen's hobbies are interior decorating and cooking, although she prefers church work to either of these.

EVER GET A LETTER FROM THE PRESIDENT'S WIFE? Charles Eisenhower of White Division, and his wife, did on the arrival of their last baby whom they appropriately named David Dwight. The letter was written on official White House stationery with "The White House, Washington," engraved in gold on the envelope and letterhead.

GOODALL

GOODALL

ANDREWS

SOME OF ANVIL BRAND'S FINEST — Verla Jane and James Larry Goodall are the children of Corrine Godall of the Overall Department. Larry is 12 and Verla 13. Frances Ann Andrews is the daughter of Ruth Andrews of Ladies II. Frances Ann will be seven years old tomorrow.
