NOT AN AFRICAN SAFARI, BUT FUN JUST THE SAME — W. H. Flynt, Jr., second from right, above, appears a little dubious about this riding atop an elephant. However, he was determined he was going through with it and waited in line (waited in a pushing, shoving crowd would be a better description) until he finally assumed his lofty perch. He made it then only after Sew It Seams photographer asked the man in charge to please let him get on so he could get his picture. The elephant was courtesy of a local dairy who brought several animals to their parking lot from a circus playing here. W. H. is nine years old and in the fourth grade at Brentwood School. His mother is Mabel Flynt who hems in Utility Department.
