

**SIGNS UP FOR CHRISTMAS CLUB** — "DOC" Foster, is shown above with Sylvia Tate of Hudson Office, as he signs up for the 1957 Christmas Savings Club.

## Savings Club Is Underway

A Christmas Savings Club has been started at Anvil Brand with 419 employees signed up for the regular payroll deductions. Fifty of the savings club members are employed at the plant in Independence.

This method of saving a specified amount each month, with the total sum to be distributed next November, is in effect in many industrial plants.

Anvil Brand's Savings Club is being handled through Security Bank and our Independence bank, with plans available from \$25 up.

The man who just switched to bifocals is never at a loss for conversation.

The doctor received a visit from a man who was worrying about his heart.

"Do you smoke much?" inquired the doctor.

"About 15 cigars a day."

"You'll have to cut down. It will be hard, but try to be satisfied with one after each meal."

A few weeks later the man returned for a check-up. The doctor complimented him on the improvement in his health. "You see, that's what happens when patients follow their doctor's orders."

"Well, it isn't always easy to do," said the visitor. "Sometimes it's hard to eat 15 meals a day."

## Gaye Nell Culler Is Promoted

Gaye Nell Culler, who has been with Anvil Brand since Sept., 1955, has been promoted from Ladies Department to Office at White, the Personnel Department has announced.

Gaye Nell is a native of Surry County and received her schooling there. She is married to Oscar Culler who is in the Junior class at High Point College and also works with Anvil Brand in the Billing Department. Oscar is majoring in mathematics. The Cullers have a son who is two and a half years old. They live at 600-B Richardson Street.

I don't know who my grandfather was; I am much more concerned to know what his grandson will be.

## Safety Committee Requested To Serve Another Quarter

At a meeting last week the current Safety Committee was requested to serve another four months in order to complete the project of keeping cleaner machines which will get underway in full swing in January.

Ossie Wright, safety inspector, announced that Work Shirt will be the first department to start the project and that cloths will be provided operators for cleaning their machines every day and posters also will be made for the bulletin boards.

A film was shown inspectors on ways of correcting persons who may be engaging in unsafe actions.

Departments which received grades of 100 in last month's safety inspection included Sewing, Sales, Printing, Engineering, Dungearee, Utility, Warehouse, Pants I, Ladies, Overall, Finishing.

Shipping came in for the lowest grade in the inspection, with 76 given this department.

**BROTHER AND SISTER** — Rhonda Jean and Roger Darrell Spaug are children of Darlene Spaug of Ladies' Department. A handsome pair, aren't they?

With advances in plastic surgery, it seems they can do almost anything with the human nose except keep it out of other people's business.
