HALLMARK PERSONNEL—The four group photographs on this and the opposite page show the entire personnel at the Hallmark Plant in Clinton. There wasn't space to identify each person by name, but since Hallmark is celebrating its 100th birthday, this was an excellent opportunity to show what a fine looking group of persons make up Hallmark's family at Clinton. Mrs. Mamie Simak is receptionist-secretary at Hallmark in New York City. She has been with the company 12 years.
