

THE EAGLE'S NEST

ARTISTRY ON A REMINGTON

With the coming of Spring North Carolina College has assumed a new atmosphere. The grass is becoming greener the trees are beginning to blossom forth with all their magnificent glory. Social activities have begun to reach the usual seasonal pitch. The Ivy Leaf Club of the Alpha Kappa Alpha Sorority started the ball rolling with a very unique Semi-Formal. The Ivys worked extra hard on the day preceding the affair to decorate the Gymnasium and the fruits of their labor were beautiful to behold.

Since permission has been granted for individuals or groups to give matinee dances there have been no attempts on the part of the students to take advantage of this opportunity. I mentioned in the last issue of the "Nest" that there had been a number of students who were guilty of cutting across the lawns since that time however I have notice a decided improvement. I would like to take this opportunity to gratefully acknowledge the addition of James and Lisbon Berry to the Echo family. Samuel Augustus Shepard paid his Alma Mater an extended visit last week, and believe me the "Dripper" hasn't changed a bit. Look for some very important announcements from the new President's Council in the next few weeks. Orchids to Miss Pauline Newton and Dean Albert Turner for the interest they have shown in Student activities. North Carolina College Choir was entertained by the Raleigh Chapter of the Alumni Association recently and I acting in a pseudo official capacity was able to observe North Carolina students perform admirable in an entirely different atmosphere. My hat's off to you Dr. Dorsey for proving that it can be done.

NOTES FROM MY LITTLE BLACK BOOK

Although the Campus was as dead as a cemetery during the Easter vacation the students who were forced to remain took advantage of a bad situation and made the most of it. The busman cried, "all off for Raleigh," and with these words a hectic weekend began (for some people). The Bus station was filled to capacity with the usual number of wolves trying to lead some little innocent child astray. Geech Glover and Woody Edmonds were there as usual trying to add to their long list of accomplishments. Ertie Fenner and William Staton embarked from the same bus but strangely enough were not speaking.

In the next issue of this sheet the staff of the "Campus Echo" will conduct a poll to determine the most popular individuals on our campus. One of the projects for our next Student Council should be the purchasing of an Amplifying system thus enabling student organizations to give dances without the payment of the outrageous prices now being charge by a certain city enterprise. In the next election of Student Council representatives look to see the "city students" play a very important part in the outcome.

So, until the next time I remain as always, Your ace number one boy, PERRY.

JAYVEE

(Continued from Page Four)

All of these games were played in Durham with the exception of one with A. and T. which was played in Greensboro, and the Dunbar High contest for which Lynchburg was the scene. The Eagles have scored 339 points in comparison to 228 for their opponents.

A PAT ON THE BACK

(Continued from Page Two)

ern cities. Here in the south there is ample room, plenty of accommodations and excellent schools."

To this the young co-ed, who by this time had become very enthusiastic in

what the old lady was saying, simply nodded in agreement.

"My dear, did you know that we whites compose only about one third of the world's population and yet we have literally enslaved two thirds of the people of the world. I sincerely believe the Negro has finally come of age. With more schools like this and more students like these, and with God's help the day of reckoning will not be too far in the future."

With this the elderly lady stopped and a small tear was seen trickling down her pale well-powdered cheek. The attentive girl who throughout the conversation had not diverted her eyes from the front of the Auditorium, turned slowly toward the old lady who sat quietly beside her and where she once saw a cute little hat sitting defiantly atop a head of silver colored hair she now saw a halo, and she thought, "it's people like her that give you the will to go on."

THREE SENIORS PLAY LAST GAME HERE

During the North Carolina College vs. Johnson C. Smith game on March 1st, W. B. Harris broke the half time mumble-jumble talk among the spectators and called attention to the fact that Richard "Mice" Miller, Frank "Frog" Galbreath and E. Parker "Daddy" McDougal were playing on our court the last game of their college career.

Frog, who hails from Fayetteville, North Carolina, is one of the few fellows from North Carolina who has starred for four years on the Eagles squad. He belongs to the PEM Club, Scroller Club, and is a Physical Ed. Major. Galbreath was determined to make the Eagles squad after he saw them play in his hometown. We see that his determination was not in vain.

Mice Miller, whom Lil Coach adopted as his kid brother since he was eight years old, comes from Kansas City, Kansas. Mice has earned the name of one of the best guards in the C. I. A. A. He has won the admiration of coaches and spectators because he has hurdled the fence that defective vision had put around

him. You and I know that accuracy plays an essential part in basketball. He is a member of the Kappa Alpha Psi Fraternity, PEM Club and is a Physical Ed. Major.

"Daddy" McDougal, who is a native of Chicago, Illinois, has been an important man on the Eagles backboard during his four years of playing. In 1945, he shot 14 straight free throws to set a C. I. A. A. record that has not been broken as yet. "Mac" has made his home on the honor roll and plays quite a bit of "Bee Bop." He is a member of Kappa Alpha Psi Fraternity, PEM Club, is a sociology major and physical ed. Minor.

In conclusion, Mice, Frog, and Mac, I sincerely hope that you will play the game of life as well as you have played basketball.

Graduate Students Begin Field Training

Fourteen graduate students in public health education here were scheduled to begin three months of field training in various cities through out the country March 23. These students have completed six months of classroom work at North Carolina College, and after this period of field

training, they will return to the college for a final three months of academic study leading to the masters degree in public health education.

Mrs. Ida Gadsden of Savannah, Ga., and D. A. Williams, Fayetteville, N. C., will do their field work in New Orleans, La. William P. Malone of Durham, N. C., and Miss Katherine Todd of Bryn Mawr, Pa., will go to Asheville, N. C. Roswell Nimmo of Greenville, N. C., and Rudolph Roberson of Atchinson, Kansas, are scheduled for Savannah, Ga., while J. B. Williams, of Gary, Indiana and Howard Barnhill of Greenville, N. C. will go to Newton, N. C.

Miss Ernestine Smith of Alcorn, Miss., Concord, N. C.; Mrs. Georgia Bowling, Columbia, S. C.; Charleston, S. C.; Miss Anne Oakley, Oxford, N. C. Greenville, Miss., Ernest Mills, Asheville, N. C., and T. E. Roberson, Millard, Miss. Chapel Hill, N. C.; Miss Georgia Long, Bluefield, W. Va., Clarksdale, Miss.
