Social Season In Full Spring Bloom

By ROTIDE

After the Easter holidays, NCC's campus is the scene of more social activities than any one person could ever hope to attend. The most brilliant of these affairs are the formal dances.

The women in Annie Day Shepard Dormitory were the first to get their bid in for the round of dances. Giving a formal only two days after the Easter holidays were over, the

The Men's Dormitory Government meeting was held shortly after the spring vacation period. The main topic discussed was the election to be held on May 4, 1955.

Each resident of the Men's Dormitory is eligible to be placed in nomination for President of the Men's Dormitory Government by obtaining the signatures of at least twenty-five other residents of the dormitory. These nominations must be submitted to the Dean of Men by May 1, 1955.

The voting will take place on May 4, between 6 a.m. and 6 p.m. There are three members of the dormitory who have given their names to the Dean of Men. They are Henry Fair, Theodore Cherry, and William Nelson.

N. C. College Scientists Speak And Read Papers At Science Conference In Baltimore, Maryland

Five North Carolina College scientists participated in the Beta Kappa Chi Scientific Honor Society, National Institute of Science and the Maryland Section, American Chemical Society joint meeting held at Morgan State College April 14-16.

Representing North Carolina College at the meeting were Dr. Thomas E. Malone, Dr. James S. Lee, and Mr. William D. Morehead, biology; Dr. William H. Robinson, physics; and Dean J. L. Stewart, science education. The primary purpose of the meeting was to listen to research papers by leading science professors throughout the nation in biology, physics, chemistry, mathematics and science education.

Dr. Malone spoke on a Histochemical Study of the De-

veloping Follicle and the Formation of Lutein Tissue on the Albino Rat using Neotelrazalium Chloride. Mr. Morehead spoke on the Histochemical Distribution of Alkaline Phosphate on the Ovary and Uterus of the Mature Albino Rat During the Estrous Cycle.

Dr. Robinson read a paper on the Effect of an Electric Field of Strength on the Polarizability Constant of the Normal Hydrogen Atom. Mr. Stewart, who read two papers, spoke on the Improvement of Science Teaching: An Experimental Approach To The Teaching of Science, and on Some Considerations for Liberal Arts Colleges on the Role of Science Education.

The three-day meeting, reported Dr. Malone, included joint general sessions, science

education sessions, Beta Kappa Chi Meetings, all of which were held each day, and the annual banquet. The various research papers were read at these sessions.

Among the speakers at the sessions were Dr. Alan T. Waterman, Chairman, National Science Foundation, who spoke on Research and Education in the Sciences, and Dr. Percy Julian, who spoke on Has Science Come of Age?

Other speakers were Lynn Poole, Director of John Hopkins Science Review; Dr. Fletcher Watson, Harvard University; Prof. Eric Rogers, Palmer Physical Laboratories, Princeton University; and Dr. S. P. Harwell, President of the University of Pennsylvania.

N. C. College Gets New Honor Society Chapter

Twenty-eight North Carolina College students and faculty members have been approved as charter members of the new chapter of Pi Gamma Mu National Social Science Honor Society being established on the campus. The approval of the chapter and the charter members was granted by the Board of Trustees of the society last week.

One of three national honor societies now existing at NCC, Pi Gamma Mu members are required to be either juniors or seniors, and must have had at least twenty semester hours of social science with a grade average of not less than "B." The organization now has over one hundred chapters throughout the United States and more than fifty thousand members. Students who will be initia-

ted into the chapter are Floyd Hardy, Ernestyne James, Josephine Long, Edna B. Lyons, Lucille Reynolds, Mary J. Young, Louis Fields, Robert Harrell, Jesse T. Moore, Elliott Palmer, Yvonne Scruggs, Ernest Ward, Christyne Williams, Clifford Wooten, Chester Gregory, Ethel E. Lineberger, and Allayne C. Turner.

The members of the faculty who are to be charter members are Dr. Joseph H. Taylor, John T. Blue, Dr. J. Neal Hughley, Dr. Evelyn L. Johnson, Mr.

Caulbert A. Jones, Dr. Charles E. King, Mr. Isham G. Newton, Dr. Alvin W. Rose, Dr. Theodore R. Speigner, Mr. Rubin Weston, and Rev. Preston Williams.

Pi Gamma Mu was founded in 1924 and lists the world-wide encouragement of study in the area of the social sciences as its objective.

Dean Stewart Attends Meet

John L. Stewart, Dean of Men, attended the meeting of the American Personnel and Guidance Association and the American Personnel Association in Chicago, Illinois on April 3-7.

The main purpose for attending the meeting was to gain information about how other personnel workers are solving their problems and carrying out their particular programs.

There was a series of topics and discussion groups which included the following: Student Participation in the College Administration; Interpersonal Communication in Administration; and Off-campus housing for College Students.

Education Prof. Receives Award

Mrs. Mildred W. Turner, instructor in the Department of Education at NCC, has been granted a Southern Fellowship Fund award for doctoral study in education at Indiana University for the academic year 1955-56.

A native of Philadelphia, Mississippi, Mrs. Turner received the bachelor's degree from Jackson College, Jackson, Mississippi and the master of science degree from the University of Indiana.

She is a member of Pi Lambda Theta National Education Honorary Society, American College Personnel Association, and several other professional organizations.

Insurance Grants Are Available

Several graduate study grants for persons interested in teaching insurance on the college level are being made available through the S. S. Huebner Foundation for Insurance Education, it was announced this week by Dean G. T. Kyle.

Dean Kyle was informed of the availability of the grants by Mr. W. J. Kennedy, Jr., president of the North Carolina Mutual Life Insurance Company. In his announcement, Mr. Kennedy called attention to the S. S. Huebner grants which were recently announced by Dan M. McGill, executive director. Persons winning grants will receive training at a special school at the University of Pennsylvania.

According to Mr. McGill, the Huebner Foundation was established to provide fellowships and scholarships to qualified persons who wish to prepare for an insurance teaching career at the collegiate level. To the present, thirty-five persons have completed the program and are now actively engaged in insurance educational work.

Special attention will be given to the applications of persons who have had previous teaching experience at a college or university and who expect to return there. However, college graduates will also be considered, Dean Kyle said.

Interested students and teachers are urged to contact Dean G. T. Kyle in the Administration Building.

co-eds entertained approximately 120 guests.

The following night, April 16, the Junior Class hosted the Senior Class at the annual Junior Senior Prom. Buddy Klein's orchestra played for the affair which had as its theme Beneath the Sheltering Palms. Sherman Perry, president of the Junior Class, extended the welcome to the seniors and Rudolph Dudley, vice president of the Senior Class, responded.

Gamma Beta Chapter of Alpha Phi Alpha was the first Greek letter organization to give a spring formal. "Moulin Rouge" was the theme of this annual affair and the Sepians provided the music. Albert Olpher, president of the fraternity, acted as master of ceremonies. Wade Kornegay introduced the Alpha Sweetheart, Miss Audrey Flamer, a Philadelphia senior. A banquet at the Donut Shoppe preceded the Alpha Dance for the fraternity men and their guests.

The following is a tentative agenda of future dances thus far listed on the Student Government's Social Calendar.

The Veterans dance, May 6; Off Campus Women's Dance, May 7; Kappa Alpha Psi Fraternity's Black and White Ball, May 14, and Omega Psi Phi's Sweetheart Ball, May 25.
