**AN INTERNSHIP WITH THE CIA.
SOUNDS LIKE THE PLOT FOR A GOOD MOVIE.**

Collecting information on trends and current events abroad isn't just a job for a secret agent.

If you're planning to attend college, or are presently a full-time or graduate student, you could be eligible for a CIA internship and tuition assistance. You don't have to be an aspiring missile warhead specialist or Kremlinologist. We need knowledgeable, dedicated men and women from a variety of backgrounds and fields.

Leading engineers, computer

specialists, economists, foreign area experts and intelligence analysts are just a few of the professionals you'll get hands-on experience working with...and a head start on your career.

Join one of the country's largest information networks—because an experience like this doesn't only happen in the movies.

**OUR BUSINESS
