For Duke Student Nurses—A Fairy Godfather

Joseph Stein, a Duke patient from New York, helped make the student nurses Junior-Senior banquet something really special this year.

A rice patient of Dr. Kempner, Mr. Stein comes to Durham twice yearly for treatment and a check-up at Duke. Wanting to give a dinner for the senior nurses he joined with the juniors for the annual banquet, not only paying half the banquet cost, but also adding some special gifts of his own. In addition to having orchids flown from Hawaii for seniors, members of the faculty and the officers of the junior class, he gave each senior a fountain pen and every guest a bottle of perfume. Joining with Mr. Stein in giving the students a special banquet was Lou Siegel, also a patient from New York, who ordered Cornish hens for the banquet at the Washington Duke.

Following dinner, which was attended by 140 students and faculty members, Mr. Stein and Dean Jacobansky spoke briefly to the group and members of the junior class presented special entertainment.
