

Dr. Lenox D. Baker

## National Award to Dr. Baker

On January 28, Dr. Lenox D. Baker, of the Duke Hospital Orthopedic Surgery staff, received the 1957 Physician's Award of President Eisenhower's Committee on Employment of the Physically Handicapped. The award is given annually to the doctor who, in the opinion of a group of impartial judges, has made the greatest contribution to the physically handicapped. Dr. Baker was selected from among 37 physicians throughout the Nation who had been recommended by their Governor's Commissions. The formal presentation of the award, an illuminated scroll bearing the signature of President Eisenhower, was made by Major General Melvin J. Maas, Chairman of the President's Committee on Employment of the Physically Handicapped, at the annual convention of the American Medical Association's Congress of Industrial Health in Milwaukee, Wisconsin.

Dr. Baker is well known for his leadership in the battle against cerebral palsy. A key figure in organizing the N. C. Cerebral Palsy Hospital and Cerebral Palsy School in Durham, Dr. Baker has been medical
