HELEN McLACHLAN, Associate Director of Dietetics. Miss McLachlan's home was in Columbia, Mo. Holding both the B.S. (1931) and M.A. (1937) degrees from the University of Missouri, Miss McLachlan served an internship at Columbia University Medical Center (Presbyterian Hospital) in New York City. She did postgraduate work at Teacher's College, Syracuse, and Michigan State University. After professional experience at Evanston, Ill., and Nashville, Tenn., she returned to Missouri and was for seventeen years on the staff of St. Louis University Hospital as Instructor, Assistant Professor and then Associate Professor of Dietetics. Miss McLachlan came to Duke University Medical Center September 1, 1957.

and preparation of their own food. Instruction in dietary care is given both in lectures to large groups and in conferences with small groups of student nurses where attention is focused on the problems of a particular patient. The dietetic intern has an opportunity to observe and participate in this program. It is hoped that with the combined efforts of the Department of Dietetics and the School of Nursing, the student nurse's program can be so correlated that nutritional instruction and dietary practice will become an everyday experience integrated with total patient care.

This 'n' That

NEW ARRIVALS
