

From The Auxiliary

by Dorothy Sieker

Greetings all! Activity is buzzing again in the Auxiliary Corner with the regular fall schedule going into effect September 9. However, for many of our workers, summer schedules kept them busy. Our very sincere thanks go to the many junior auxiliary aides. Without their help the Auxiliary would not have been able to maintain its services through the summer vacation months. In their perky "auxiliary pink" and white striped pinafores, they brought a special kind of joy and warmth to those they served. Our hats are off to you, and we hope you will continue the good work.

Some changes also took place while most of us were vacationing. Mrs. Walter Seeley submitted her resignation as president effective August 1st. Taking her place will be Mrs. Theady Daniel. Mrs. James Warren will be leaving in November. Taking over her duties as recording secretary will be Mrs. William Nicholson. The new slate of officers for the current year is: Mrs. Theady Daniel, president; Mrs. William Nicholson, recording secretary; Mrs. Glenn Negley, 1st vice-president; Mrs. Richard H. Leach, 2nd vice-president. A vacancy for 3rd vice-president will be filled at the next regular business meeting October 29.

The Ways and Means Committee has been busy this summer with great plans for projects this fall. You will all be glad to know the annual Thanksgiving Bake sale will be held again this year. Watch for announcements of time and place.

Another project which has already gotten underway is the United Nations' Christmas Card sale. The

Duke Auxiliary is the only agent for these cards in Durham. Auxiliary workers will be on hand each week day from 11 A.M. to 1 P.M. to take orders for these cards. A percentage of the

money obtained from this sale will be retained by the Auxiliary to support its own projects. The remainder will go to the United Nations which uses these funds to purchase drugs and milk for children around the world. Look for the Auxiliary Christmas Booth and buy your Christmas cards early this year.

Don't forget, new Auxiliary members are always welcome.

Charles H. Frenzel

first lieutenant at the time of his discharge.

Mrs. Frenzel is the former Virginia LeGlise of Neptune, New Jersey. The Frenzels have one son, James Charles, now 12 years old.

In line with the plans for renovation of the various hospital facilities, following the opening of the new wing, the Superintendent's Office has been relocated in Room 1135 on the first floor of the Hospital. Mr. Frenzel and his staff are settled in their new quarters.

Porter to Direct New Foundation

F. Ross Porter, Superintendent of Duke Hospital from 1949-1958, has been appointed director of a new foundation at Duke Medical Center. Mr. Porter is devoting full-time effort to the study and organization of this foundation. Still in the planning stage, this undertaking will be directed toward the advancement and promotion of patient service, medical education and research.

Dr. W. C. Davison notes that the Duke University Medical Center is fortunate to "have available to us the experience and service of Ross Porter in this new venture. He has a broad understanding of health problems at the state and national, and indeed at the international, levels. He is the one person at the Medical Center best fitted for his new task."

Janet Wien to Boston

On August first, Janet Wien, formerly director of the Social Service Department at Duke Hospital, took up her duties as director of the Social Service Department of the New England Medical Center, Boston, Mass. A native of Boston, Miss Wien had been at Duke since 1949.

New Appointments

(Continued from page 1)

de Geneve, Geneva, Switzerland. He received his M.D. degree from Vanderbilt University School of Medicine. In addition to residency training in this country, Dr. Stempfelfeld held a research fellowship at the Children's Clinic, Karolinska Sjukhuset, Stockholm, Sweden. Before coming to Duke he spent two years as Fellow in Pediatric Endocrinology at the Harriet Lane Home, Johns Hopkins Hospital, Baltimore.

Dr. Stempfelfeld served as an Enlisted Man in the U.S. Army Air Force from 1943-46.
