

## Operation Foresight

Friday, the 13th—Day of Disaster! A make-believe plane crash in Duke Stadium at 3:10 P.M., March 13, threw into high-gear the Medical Center's disaster plan. Duke medical stu-

dents and student nurses served as casualties. A cordon of state highway patrolmen blocked a portion of Highway 751 to permit a private plane to land with plasma. Victims (more

than 100 "injured" and "dead") were transported to the hospital by truck and ambulance. There the hospital staff took over with emergency diagnosis and treatment.
