

This 'n' That

(Continued from page 5)

Jane Bass, psychiatry, and K. T. Shultz, a medical student were married recently.

Ann Epley, psychiatry, was married to Dick Sawyer.

NEW FACES AND OLD

Microbiology

Dr. Leo Pine has left his assistant professorship here for a research position at the Communicable Disease Center in Atlanta. Also going there as unit chief, mycology training branch, is Dr. Hilliard Hardin, instructor.

Charles Mauney, bacteriology laboratory director, is leaving to finish work on his Ph.D. thesis at UNC.

Sue Camlin, a recent graduate of Queen's College, is Dr. Hilda Willett's new technician.

Pathology

Mrs. Greta Walker has joined our secretarial staff. Greta was a former secretary at the White Furniture Company in Mebane.

New research technicians are Miss Marianne Lewis, recent graduate of Marietta College, who is working in Dr. Jacinto Vazquez's immunologic-path lab.; Mrs. Lois Flaherty, graduate of Wellesley College, who is working for Dr. Klavins; Mrs. Kathleen Palmiter, Duke University graduate, who is working also for Dr.

Klavins; and Miss Bonnie Yanchisin, graduate of High Point College and graduate student at Vanderbilt University, who is with Dr. Jane Elehlepp.

Miss La Rue Matthews joined us in July as a Cytology student. La Rue obtained an Associated Arts degree from Campbell College.

Physical Therapy

Mrs. Barbara Taylor (nee Day, Duke P. T. '59) joined the department's instructional supervisory staff as department representative to the new rehabilitation service. She recently married Dr. Larry Taylor and received her M. A. degree in Anatomy from Duke.

Kay Syms and Peggy Killian have resigned from our staff. Kay left to become the physical therapy consultant with the South Carolina Society for Crippled Children and Adults, Inc., in Columbia, and Peggy has accepted a position with the Orange County Public Health Department.

We welcome the 21st physical therapy class with 12 students enrolled in the certificate program and one in the two year graduate program. Affiliations for the new class began the 1st of September. Students are spending a month each on a rotational basis at three of the following facilities: The N.C. Cerebral Palsy Hospital; N.C. Orthopaedic Hospital; Woodrow Wilson Rehabilitation Center, Fishersville, Va.; Home for Crippled Children, Pittsburgh, Pa.; Durham County Public Health Department; and Duke.

Psychiatry

Miss Elaine Gitelson, research assistant, has resigned to make plans for a January wedding. Her fiance is Robert Rosenbacher of Chapel Hill.

Recent additions to the secretarial and technical staff include Mrs. Jean Bader, Mrs. Carlene Thornton, Miss Pat Harmon, Mrs. Hira Veeravagu, Mrs. Lois Fields, Mrs. Marguerite Stubblefield, Mrs. Sarah Jane Tanis, and Miss Sara Frances Griffin.

Surgery

Doris Byrd has resigned her position in the ophthalmology department and Betty Blalock has joined the staff in the thoracic department.

Personnel

Miss Sally Hobbs recently joined us. She is a June graduate of Duke University and will be assisting with interviewing.

ON THE GO

Hospital Business Office

Reverend and Mrs. Charles Jones have returned from England where they have been visiting their daughter, Mrs. George Pryor. Mrs. Jones (Doreas) has resumed her duties in the programs department.

Pathology

Mr. Peteris Kalnins, Cytotechnician, recently attended a cytology conference in Munich, Germany in August. Mrs. Kalnins combined business and pleasure by touring Norway, Sweden, Denmark, Germany, Austria, Switzerland and Iceland.

Physical Therapy

During August several members of our staff attended short term courses. Emy Villanueva was enrolled in the course on "Techniques of Proprioceptive Neuro-muscular Facilitation" at UNC. John Riebel and Dr. Nash-old discussed the treatment of Parkinson patients during a session of this course. Our department was host to members of the class and the instructor, Miss Margaret Knott, at a coffee hour. Judith Cantey attended a course on the same subject at Northwestern University.

Helen Kaiser spent August 1 and 2 at the VRA-APTA sponsored workshop on graduate physical therapy education, and then flew to Macon to talk to the Georgia chapter of the American P.T. Association on August 3 on "The Role of Therapeutic Exercise in the Management of Lateral Curvature of the Spine."

DID YOU KNOW THAT

1. There are 680,000 square feet in the hospital complex.
2. We use over 3,000,000 cubic feet of oxygen per year.
3. Approximately 15,000 pints of blood are used in Duke Hospital per annum.
4. Over 6,000 cars are parked on the Duke campus on any given day.
5. Over 1,000,000 meals are served in the Medical Center annually.
