DID YOU KNOW THAT

1. there were over 6½ million man hours of work done in the Medical Center last year?
2. annually, 3,500,000 lbs. of laundry are done?
3. last year 10,921 major surgical operations were performed?
4. through September 30, 1962, Duke Hospital had admitted 455,935 persons as in-patients?
5. there are 83 fire extinguishers in place and ready for use in the Medical Center? (And do you know where the one *nearest you* is?)
