Births to Mr. & Mrs. John Harvath, who had a girl, and Mr. & Mrs. James Bragg who adopted a boy Oct. 31. Flora Smith, R.N. has been appointed Head Nurse on Halsted and Eleanor Kay appointed Supervisor of Rankin ward.

In Ob-Gyn, congratulations to Judy Poe, who was married to Dr. Louis A. Cancellaro, Oct. 14. In Ophthalmology, we welcome Mrs. Sue McHale, secretary to Dr. James P. Gills. In the Outpatient Dept., we welcome Gloria Oakley, and Robert M. Carter, who is the new Manager of Medical Outpatient Clinic. In Physical Therapy, glad to have Mrs. Jean Barr, recent physical therapist grad from Western Reserve Univ. in Cleveland.

HALLOWEEN TREAT

The Junior Class of the School of Radiologic Technology celebrated Halloween by visiting Matas and Howland children's wards Tuesday night, October 31. Each member of the class wore a festive costume in order to amuse the children. Miss Becky King, who dressed as a "fat lady," was indeed a hilarious sight, as were all the students. Half of the class visited Matas, while the other half visited Howland. Candy treats were given to the children who could eat them, and toys were given to those who could not. Pumpkins were also carried to both wards to add to the atmosphere of Halloween. Both children and students had an enjoyable evening.

A MOTHER'S APPRECIATION

Dear Doctor,

At this time of year our thoughts go back to 1958 when we first met you as our special doctor. It was at that time that you operated on our son because of the terrible disease cancer. Since that time you have not only been our doctor but also our friend. We have called on you for help in matters concerning Jerry and you have simply been wonderful. We thank God for you and men like you who have dedicated their lives to such a needy profession. We as a family regard you as a person worthy of our praise. Our son Jerry, is doing fine. He has a good job, works every day, has a lovely wife and two adorable little girls so you see why we thank God and you. May your life and influence mean as much to others as it has to us.

Sincerely,
Jerry's Mother

BULLETIN BOARD BRIEFS

Dr. James V. Lieberman, Director, National Medical Audiovisual Center, Atlanta, Georgia, will be the Dean's Hour speaker Nov. 30; and Dr. Richard P. Schmidt, Associate Dean and Chief of Staff, University of Florida College of Medicine, Gainesville, Florida will be the Dean's Hour speaker Dec. 7. All programs are held in the Hospital Amphitheatre and are open to anyone interested.

In an effort to improve internal security, all entrances into the Medical Center will be locked nightly, the last at 11:45 p.m., reopened at 5:45 a.m. These are Davison, Main Entrance, Baker House and the wheelchair entrance. After 11:45 p.m. all traffic will enter through the Emergency Room. For further information, see your supervisor.

* * *

The Duke Hospital Auxiliary cordially invites new women students, faculty wives, doctors' wives to become volunteers in any of the services offered by the Auxiliary of Duke Hospital. Call Mrs. Mary Daugherty, ext. 3981, for further information.

* * *

PLEA for information! When any professional meeting is being held here at the Medical Center, please inform the receptionists at the Main Entrance, the PDC Lobby, and Mrs. Anna Riggsbee in the Switchboard office. This will serve two purposes: (1) getting all visitors to the correct site of the meeting and (2) enabling the switchboard to contact the visitors by phone in case of an emergency.

* * *

Employees are invited to submit suggestions, news items, letters. Please call 4148, or write to the Public Relations Office, Box 3354; and for additional copies of INTERCOM check the first floor cafeteria, Carousel Room, Main Lobby, or in the Public Relations Office.
