

Woodhall

(continued from page one)

DR. WOODHALL

Knight said, "that Dr. Woodhall, with his distinguished academic and professional accomplishments, administrative experience, and detailed knowledge of the university, will accept the chancellorship for a limited period."

Dr. Woodhall, professor of neurosurgery, organized the neurological service of the medical center following his appointment here in 1937. He has served as dean of the School of Medicine and associate provost for medical affairs.

He is a graduate of Williams College and received his M. D. degree from Johns Hopkins School of Medicine in 1930.

State Nurses Participating In Duke Neonate Seminar

A two-week program on intensive nursing care of the premature and sick neonate is being held at Duke April 7-18.

The state-supported program is presented for North Carolina registered nurses who have charge of such babies.

Mrs. Kay Avant and Miss Celia Lamper, both clinical specialists at Duke, will coordinate the program. They will present the basic physiology of the premature and sick neonate.

Other speakers from Duke include

April Institution Planned For Carter Lectureship

Miss Muriel R. Carbery, dean of the Cornell University School of Nursing, will deliver the first annual Harriet Cook Carter Lecture here on Thursday night, April 10.

The lecture on the theme, "Newer Dimensions in Nursing," will begin at 8:15 in Room III, Biological Sciences Building.

Dr. Myrtle Irene Brown, dean of the Duke School of Nursing and director of patient care at Duke Hospital, will preside, and Dr. Barnes Woodhall, university chancellor, will deliver welcoming remarks.

At 4 p.m. the same day, in Baldwin Auditorium on East Campus, the lectureship will be instituted officially, with Mrs. James T. Cleland formalizing the naming in memory of Mrs. Carter.

Mrs. James H. Semans, a member of the lectureship committee, will preside. President Douglas M. Knight will accept the lectureship for the university, and Dean Brown will speak briefly in response.

The intent of the lectureship is "to hold in constant memory this compassionate and unusually creative lady who endeared herself to Duke University and the Durham community through her widespread activities."

Mrs. Carter, wife of Dr. F. Bayard Carter, Duke's first chairman of obstetrics and gynecology, was a nurse, an honorary

member of the Alumnae Association of the Duke School of Nursing, co-founder of the Duke Hospital Auxiliary, an active member of the board of the Salvation Army and a participant in other civic activities. She died last Oct. 11.

"As Harriet Carter challenged the small to be great," the lectureship committee observed, "so this memorial is built upon a small unnamed lectureship started by the 1963 graduating class of the Duke University School of Nursing and will be expanded to encompass the breadth of her interests."

Contributions continue to be received in the office of the dean, School of Nursing.

Members of the permanent Harriet Cook Carter Lectureship Committee: are Miss Dottie Wilkinson, representing nursing, chairman; Mrs. E. L. Persons, representing the Duke Hospital Auxiliary; Mrs. Banks Anderson Jr., representing the School of Nursing alumnae; Duke Hospital Chaplain Wesley Aitken; and Mrs. Semans and Mrs. Victor Bryant Sr., representing the Durham community. Ex-officio members are Dean Brown and Ray Ingraham, her administrative assistant.

Three-Day Program Planned on Diabetes

A lecture series on diabetes mellitus is scheduled for April 15, 16 and 18 at the medical center.

Two one-hour sessions will be presented each day during the series, sponsored by Patient Care Education.

On April 15, Dr. Jerome Feldman, associate in medicine, will lecture on disease concepts of diabetes mellitus.

On April 16 and 18, Edna Ketchi and Faye Moss, both R. N.'s with the regional medical program, will speak on nursing care responsibilities regarding patients with diabetes.

The morning sessions, set from 10:30 to 11:30, will be held in Room 3031. The afternoon programs each day will be held in Room 2031 from 2:00 to 3:00.

Dr. George W. Brumley, director of newborn services at the hospital; Dr. Angus McBryde, professor of neonatology; Dr. Shirley Osterhout, associate in pediatrics; Dr. George M. Lyon, Jr., assistant professor of pediatrics and Dr. Ray Ford, chief resident in pediatrics.

Miss Laura Harbison, maternal-child health nursing consultant with the State Board of Health, will speak on perinatal mortality.

Sessions will be held in 327 Baker House and in the Intensive Care Nursery.
