

12 Faculty Status Changes Announced

Three new appointments, five promotions and four status changes have been made within the medical center.

Announcement of the additions and changes was made by University Provost Marcus E. Hobbs.

Two of the new positions are full professorships.

Promoted to the rank of full professor in the Department of Radiology was Dr. Patrick J. Cavanaugh. He was formerly associate professor.

Dr. Cavanaugh, who remains in charge of the division of radiation therapy, earned his B. S. degree in chemistry from Gonzaga University in 1947 and his M. D. degree from the St. Louis University School of Medicine in 1951.

He served his internship at the U. S. Public Health Service Hospital in Norfolk, Va., and a residency in therapeutic radiology at several European hospitals.

Dr. Pauline Gratz, who has been associate professor of natural sciences at Columbia University Teachers' College, has been appointed a full professor in the School of Nursing.

Miss Gratz earned degrees at Hunter College of the City University of New York and at the Teachers' College of Columbia University before completing her Ph. D. degree in science education at Columbia in 1961.

Dr. Saul Boyarsky, professor of urology and assistant professor of physiology, has been named director of rehabilitation for the department.

Dr. Boyarsky is a graduate of the University of Vermont and received his M. D. degree there in 1946. He served his urologic residency at Duke from 1950 to 1954 and returned as professor of urology in 1963.

Faculty members given additional responsibilities besides Dr. Boyarsky include Drs. Stanley H. Appel, Suydam Osterhout and Andrew G. Wallace.

Dr. Appel has been awarded the title of associate professor of biochemistry in addition to his present position as associate professor of neurology.

Dr. Appel, a graduate of Harvard, received his M. D. degree from the Columbia University College of Physicians and Surgeons. Before coming to Duke in 1967, he was assistant professor of medicine and neurology at the University of Pennsylvania.

Dr. Osterhout, presently associatg

professor of microbiology and assistant dean for admissions, has been named associate professor of medicine. He was formerly assistant professor of medicine.

He received his M. D. degree from Duke in 1949 following his undergraduate work at Princeton University. He was awarded a Ph. D. degree from the Rockefeller Institute in 1959.

Dr. Wallace, now associate professor of medicine, has been given additional responsibility as assistant professor of physiology. He received his B. S. degree

Woodhall Wins James B. Duke Professorship

Chancellor Barnes Woodhall has been named James B. Duke Professor of Neurosurgery.

Dr. Woodhall's appointment climaxes a career of 32 years at Duke. Taking a position at the medical center in 1937, his first task was organizing the neurological service. In 1960 he became the second dean in the history of the School of Medicine and at the same time was named vice provost.

In 1964 Dr. Woodhall relinquished the deanship to devote more time to overall medical center administration as associate provost. Last December he assumed additional responsibility in the newly created post of special assistant to the president. His appointment as chancellor pro tem followed in March.

Dr. Woodhall is a past president of the American Academy of Neurological Surgeons, the Harvey Cushing Society, and the Society of Neurological Surgeons. He has also been active with numerous other professional societies at both state and national levels.

He is a native of Rockport, Me. He did his undergraduate study at Williams College in Maine and earned his M. D. degree at Johns Hopkins University.

from Duke in 1958 and his M. D. in 1959.

He has been director of the cardiac intensive care unit at Duke since 1965 and is serving as director of the new myocardial infarction research unit.

Promoted to associate professor of medicine and associate professor of biostatistics in the Department of Community Health Sciences was Dr. Howard K. Thompson, Jr.

Dr. Thompson, a graduate of Yale University, received his M. D. degree from the College of Physicians and Surgeons at Columbia University in 1953. He had been assistant professor of medicine since 1965 and assistant professor of biomathematics since 1966.

Five men have been appointed or promoted to assistant professorships, three in the Department of Pathology.

Dr. Joseph C. Parker, Jr., who received his B. A. degree from Virginia Military Institute and his M. D. degree from the Medical College of Virginia, has been appointed assistant professor of pathology. He had been a fellow in neuropathology after completion of a five-year residency at the Mayo Graduate School of Medicine.

Dr. Fred L. Ginn, a graduate of the University of North Carolina at Chapel Hill, was promoted to assistant professor from his former position as associate in pathology.

Dr. Ginn, who received his M. D. degree from Duke in 1962, is presently a candidate for a Ph. D. degree.

Dr. Norman B. Ratliff, Jr., formerly was an associate in pathology and has been promoted to assistant professor. He is a graduate of the Duke School of Medicine and has been working under a Research Training Fellowship here since 1966.

Named assistant professor of psychiatry was Dr. Edward L. Reilly, formerly an associate in the department. He is a graduate of the University of Maryland and earned his M. D. degree from Seton Hall College of Medicine in 1961.

Dr. Earl F. Baril, who recently completed post-doctoral work at the University of Wisconsin, has been appointed assistant professor of clinical pharmacology.

He received a B. A. degree from St. Anselm's College in New Hampshire and his Ph. D. from the University of Connecticut.
