

# 8 Promotions, Appointments Listed

Eight School of Medicine faculty appointments, promotions and changes of status have been announced by University Provost Marcus E. Hobbs.

Promoted from assistant professor of urology to associate professor in the division was Dr. E. Everett Anderson.

A native of Durham, Dr. Anderson attended Duke and received his M. D. degree in 1958. He was an instructor and research fellow in urology from 1965 until his promotion to an assistant professorship in 1966.

Dr. Harold E. Lebovitz, associate professor of medicine, has been given the additional position of assistant professor of physiology. He will retain his title as director of the division of endocrinology.

He received his B. S. and M. D. degrees from the University of Pittsburgh and came to Duke as a clinical fellow in endocrinology in 1959. He has been associate professor of medicine since 1965.

Four men were promoted to the position of assistant professor while two others were appointed to the same post.

Dr. Sheila J. Counce, formerly an associate in anatomy and research associate in zoology, has been promoted to the post

of assistant professor. She will retain her research associate position.

A graduate of the University of Colorado, Mrs. Counce earned her Ph. D. degree at the University of Edinburgh in 1954.

Dr. John A. Gehweiler, Jr., an associate in radiology since 1967, has been promoted to assistant professor in the department. Dr. Gehweiler, who received both his B. S. and M. D. degrees at Duke, was formerly in private practice in Annapolis, Md.

Promoted to assistant professor of community health sciences was Dr. D. Robert Howard, formerly an associate in the department. A graduate of the University of Wisconsin, Dr. Howard received his M. D. degree from the same school in 1962. He is director of the Physician's Assistant Program at Duke.

Dr. Jerome Ruskin, a native of New York, has been promoted from associate in medicine to assistant professor. He had previously been a fellow in the cardiovascular disease service and an instructor in medicine at Duke.

He received his M. D. degree from the Albert Einstein College of Medicine in 1960.

Appointed assistant professor of physiology was Dr. Stephen J. Hersey. Dr. Hersey received his B. A. degree from Cornell University and his Ph. D. at Duke in 1968. He was a postdoctoral U. S. Public Health Service trainee prior to his appointment.

New assistant professor in the division of orthopaedics is Dr. James R. Urbaniak, formerly chief resident in orthopaedics at the medical center. He is a graduate of Duke University School of Medicine.

## Nursing Seniors Given Awards

Four graduating seniors at the Duke School of Nursing were presented annual class awards in early June.

One student, Carol Ann Wiggs, was named to graduate *magna cum laude*. She had a quality point average of 3.565 over four years of classwork.

Recipient of the Moseley Award was Nancy Meyer Holloway.

The School of Nursing Alumnae Award was presented to Ruthanne Lamasson.

Jean Butler was selected for the Outstanding Service Award.

## RT Officers Named

Three seniors in the School of Radiologic Technology have been elected to class offices. They are John Dawson of Jacksonville, president; Carolyn Thomas of Fayetteville, vice-president, and Scenie Tyndall of Henderson, secretary-treasurer.

Second from left is Dr. Stoever's widow, Mrs. Cary Tilton Stoever Doyle, and at right are his parents, Mr. and Mrs. Henry Von Hoff Stoever, Jr. (photo by Paul Greenwood)

## Urology Residents' Office Named

A new residents' office in the division of urologic surgery at the medical center was dedicated May 23 in memory of a former assistant resident.

A plaque honoring Dr. Henry Von Hoff Stoever, III, who died May 21, 1968, has been placed at the entrance to the urology residents' office located in the newly renovated urology area.

Dr. Stoever, a 1963 graduate of the School of Medicine, had begun his residency training in July of 1967.

He was a native of Durham and graduated with honors from Princeton University. He served with the U.S. Army Medical Corps in Vietnam as chief American medical adviser to a civilian hospital in An Khe.
