

### Intramural Football

Intramural football is here! A couple of weeks ago, the first football game of the season was played. The Pizons took the victory over the Falcons with a score of 12-6.

The game started as the Falcons took the opening kick off. The first quarter was strictly a defensive game on behalf of both teams. Late in the second quarter the Pizons took the lead as Stephen Earl Fonville on a run around left and dashed across the goal line.

The second half began as the Pizons received the kick off. Immediately the Falcons took possession of the ball and Robert Hurley scored on a pass from Stew Smith. The same quarter Robert Barnhill scored for the Pizons on a run around right end. The fourth quarter was again a defensive game as the Pizons dug in to hold the Falcons from scoring again. This was an awesome task as Tim Barri's accurate passing kept the Falcons in Pizon Territory.

Defensive standouts for the Pizons were Murphy Corbett, Billy Byrd and Conrad Fletcher on the line. Phil Mills, Major Ruffin and Mikki Reynolds in the backfield. For the Falcons there was Grady Dowless, Sonny Palmer, Mitchell Mercer and Robert Hurley. We must not forget Elliot Gifford who was injured early in the third quarter.

P. E. classes can be fun as well as hard work.

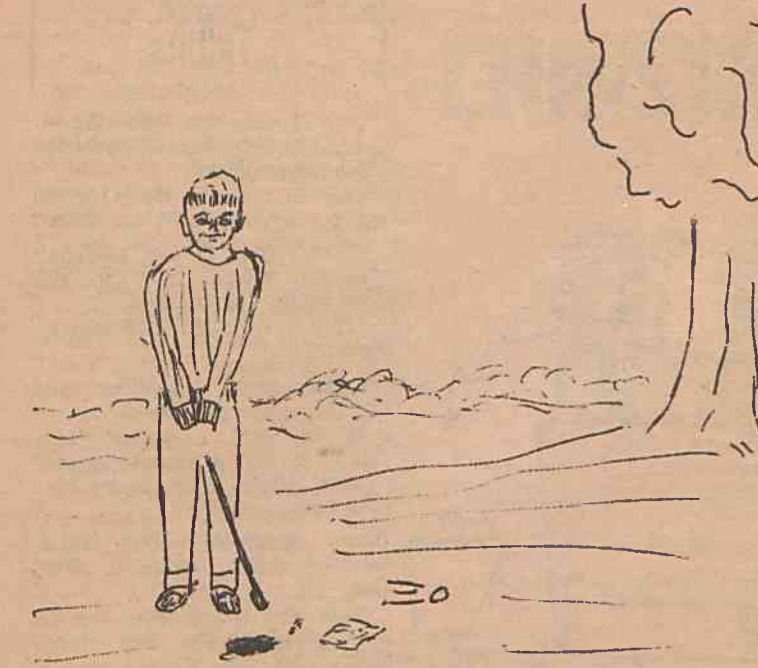

### World Series Review

The Baltimore Orioles won their first World Series Sunday, October 9, by defeating the Los Angeles Dodgers in four straight games.

The Dodgers set two major league records, going 33 scoreless innings and scoring only two runs in the entire series.

Tommy Davis, the Dodger's centerfielder, also contributed to the record books by making three errors in a single inning.

This series was the first time an American League team had shut out a National League team since 1950, when the Yankees defeated the Giants.

Hit the Ball, Not the Ground!

21	CMA Invitational	Maxton
28	College of the Albemarle	Away

**February:**

3	Gaston	Away
10	Southwood	Away

### New Trade Program

George Howard, Dean of Technical Vocational-Programs at Southeastern Community College, has announced that a new Machinist Trade Program began on October 17th.

The program is designed for the machinist to become a skilled metal worker. It provides opportunity for men to have training in a shop laboratory in relation to math, physics of practical experience in running machines and will teach him to use precise instruments. The students will also learn to set up and operate various types of machine tools.

The program will be held at Elizabethtown and will be a year in length.

### Technicians Wanted

Armand Opitz, Dean of Student Personnel Services attended a meeting of business leaders of Student Personnel Service Directors from throughout the state, at Raleigh on October 5-6. The conference was held to discuss ways that institutions in the Community College system could cooperate further with industry.

Mr. Opitz reported that businessmen and leaders in the industry emphasized the need for more technicians, to be trained to fill the great number of technical jobs available in industry. Officials present were from I. B. M., Rockwell Manufacturing Company, Chemstrand Corporation, Electric Storage Battery Company and Banking Industries.

### Let There Be Singing

The thirteenth may be considered an unlucky day by many people, but for the members of chorus it was a lucky day, with the election of new officers for the year. Each organization, whether big or small, must have leadership to achieve the goals desired, and these leaders have to be willing to put forth some effort.

The leading body of the 66-67 chorus is comprised of the following students: Jimmy Hood, President; Gary Faircloth, Vice-President; Vicki Guyton, Secretary-Treasurer; and Linda Page, Advertising Manager. These students have the responsibility of bringing new ideas and suggestions before the members of chorus for a vote. They also form committees to prepare for approaching events and head these committees.

The newly elected officers met Tuesday with their sponsor, Mr. Zeller, to discuss plans for the new year. Many projects are being developed including concerts at Christmas and in the Spring. There will also be a social event for the members of chorus in the near future.

Various civic groups of neighboring towns have requested special music by the chorus. Preparations are being made for the coming agenda.

Christmas will soon be here and the chorus will be ready. Numerous Christmas specials are already being prepared for this wonderful time of year. The chorus needs your support to help carry out the goals of the year.

### County Exposition

SCC will sponsor a booth at the Columbus County Exposition which will be held November 10-12.

The booth will depict the programs and activities available at the college. This display will provide graphic illustrations of all programs offered. Representatives of the student body

will be on hand to tell of the various activities taking place at SCC.

The Exposition will be held in the Columbus County Warehouse on Highway 74-76 opposite the Starlite Drive-In. This event is sponsored by the Whiteville Lions Club. Manufacturers, agencies, and services sponsor booths to tell their story of Columbus County's progress.
