

L. E. A. P. Now In Progress

The L.E.A.P. Center is a project which stands for Learning, Encouragement, Action and Progress. It is designed to offer comprehensive encouragement to groups of 125 students here at Southeastern Community College. The staff is composed of Guidance Counselors, the Director which is R.T. Nicholas, and a co-ordinator for tutorial services. The project will also have assigned 8 or more student tutors. The L.E.A.P. Center is based on cooperation of students, faculty, staff, parents and other community individuals, and agencies, has the following services as part of the project: (1) to evaluate and identify further the needs of students through the use of the above staff working with them, both at their homes and on campus; (2) Provides a variety of experiences related to the students in employment or transfer to a four year institution; (3) To modify the curriculum, to provide an effective non-traditional curriculum; (4) To orient the staff and faculty to the methods and goals of the project L.E.A.P. students; (5) To integrate project L.E.A.P. programs with other public and private agents; (6) To develop

mechanism for continuous evaluation and change; (7) To plan and implement cultural programs, workshops and retreats, depicting certain vital aspects of various ethnic groups as it relates to the educational process.

SPORTINGS GOODS —

The SCC Drama Club will present a play entitled "The Night of January the Sixteenth" at the College Auditorium. The play will be presented in three acts. The presentation will be made the nights of November 15 & 16.

The play is a murder mystery in which the audience plays a major role. The props that will be used on stage were made by the actors in order to receive all the aspects of putting on a play.

With the days of the play coming up fast the actors are busily rehearsing parts and getting their moves coordinated with the other actors...
