

THE UNITY

May 1974

Vol. 1
No. 1

OUR REASON

The purpose of this paper is not to brag, boast, or criticize, but to let people know and become aware of the things that blacks have done. We realize we can't publish everything that every black man did, so therefore we publish some of our unsung heroes. We realize that this is not the best paper ever read, but we used our time to do the best we could. We name the paper "The Unity" because we realize that we as people, in order to make it, must have unity to survive in our society.

Check It Out: "We must live together as brothers, or perish together as fools."
Martin Luther King

If anyone wish to give us feed-back on our paper please put a letter in Mr. Brownlee mail box. Thank You
