 GENERAL MERCHANDISE

**MAROON AND GOLD SQUAD
 SHOWS UP WELL AFTER TEN
 DAYS GRIDIRON WORKOUT**

**Thirty Five Men Fighting Hard For Place On Varsity
 Majority Of Letter Men Back For Old Position
 Much New Blood Added**

With thirty-five men out for practice and several others yet to show up, Elon's foot ball squad has been undergoing training in the rudiments of the game for the past ten days under the direction of Coach F. B. Corboy. The weather had been extremely hot, but the enthusiasm of the men is keeping pace with the weather. It is reported officially that Brown, Clark, and Joe Newman are to report for duty Monday. The Evans brothers are also expected. A merry fight is being waged for places on the team, but Coach Corby stoutly refuses to make any predictions as to who will make up its personnel. The men have been training only in the rudiments of the game, but beginning with Monday, scrimmage will be indulged in with frequency. The usual number of early season accidents have occurred, but nothing of a serious nature. Hot weather and hard work have won for the men a holiday. Saturday was given over as a day of complete rest preparatory to the strenuous work which begins again on Monday.

Coach Corboy gave out the following statement Friday: "The squad is larger than last year's and a lot of new blood has been added. The spirit of the men out for the team is very good. The unskilled are picking up the fundamentals. It is too early to get any definite line on the men, but the outlook could be much worse. With an even break in luck and no more than the usual amount of injuries, the season should be a success.

"We are anxious to have as many more as will come out for the team. The greater the number, the greater the opportunities. The hot weather has retarded developments to some extent, but the men have made fair progress under the circumstances.

"I make no predictions as to what will be the personnel of the team."
 The coach also stated that there was a possibility of a preliminary game being arranged before the game with Lenoir which comes off October the first.

NEW ORGANIZATION TO FACILITATE RELIGIOUS WORK
 (Continued from page one)
 new organization. Minnie Edge, Chairman of the Finance Committee of the Y. W. C. A. was chosen vice-president. W. T. Scott, Secretary of the Y. M. C. A. was elected as secretary-treasurer. Since the Constitution provides that no person may be an officer in the central body and one of the departments at the same time, the positions of Mr. Moon, Miss Edge and Mr. Scott were vacated automatically. M. Z. Rhodes was elected to succeed Mr. Moon as president of Christian Endeavor. Grace West succeeds Miss Edge as Chairman of the Finance Committee of the Y. W. C. A. O. C. Johnson was chosen to succeed W. T. Scott as secretary of Y. M. C. A. C. A.

NEW BOOK BY DR. HARPER SOON TO COME FROM PRESS
 (Continued from page one)
 of the Church and nation and for it I predict a wide reading."
 We would call the attention of the student body to Dr. Harper's former books, all of which are in our college library. They are, "The Making of Men", "The New Layman for the New Time", "The New Church for the New Time", and "Reconstructing the Church". He is also editor-in-chief of two books on, "Preparing the Teacher" which are also in the college library.
 Ask about that new stationery at the college store.

Nov. 24—Guilford at Elon.

All home games called at 3 P. M.

STUDENTS ANNUAL RECEPTION GIVEN BY FACULTY
 (Continued from page one)

way to the door of the reception hall. While they filed by and were being introduced to the faculty, the young men stood outside and sang with fair harmony a few old serenading songs. After the co-eds had been received, they stood along the hall while the young men passed in. After being greeted by the faculty, the young men were received by the girls with hearty hand shakes and coquettish smiles.

After the formal part of the reception was over, the crowds scattered to the porches and the dining hall.

The Seniors had charge of the arrangement of affairs, such as decorations and serving of refreshments. Miss Eunice Rich and Miss Maude Kendrick and Mr. R. S. Rainey were a special committee in charge. Miss Mary Miller and Miss Deloris Morrow made and served the punch on the north porch. Miss Margaret Corbitt and Mr. W. E. Moore made music.

The reception was successful as such receptions here generally are. "Fine" and "dandy" were some of the words used by the new students the next day in expressing what they thought of the affair.

PRACTICAL WORK IN TEACHER TRAINING FOR STUDENTS
 (Continued from page one)

students will be admitted for observation work in the Primary and Grammar Grades.

Playground work and classes in religious education are being carried on by students of the College under the direction of the Department of Religious Education.

This new departure in the work of the College is invigorating the work in Education and is putting new life into the school. During the summer, a steam heating plant was installed in the school building, two new classrooms have been added, and the auditorium has been seated. This spirit of earnest cooperation between the School and College authorities promises well for the future of the school. The students in the College are having their work motivated by the opportunity for applying the educational theory which they have been assimilating during their first two years in the Department of Education. In taking this course they become familiar with the everyday problems in teaching and in classroom control under the careful guidance of professional experts. Everyone acquainted with the work that is being done is highly pleased at the results.

Anyone suffering from loss of memory might run for a political office; he will be reminded of all his past.

It is estimated that the United States has 10,000,000 bachelors. (Editor's note: this number has been increased by 200 since the discontinuance of the social hour).

The college store has it.
