NEWS OF ALUMNI IN THE VALLEY OF VIRGINIA

The beautiful city of Winchester, Va., is the home of seven ex-Elon students, and it might be interesting to introduce them to the readers of our college paper, Maroon and Gold.

I present first Mrs. Ivie Miller (nee Miss Ivie Hook). Mrs. Miller is the sister of Prof. A. L. Hook, of Elon College, and of Rev. W. C. Hook, a rising young minister of the Christian Church now located at Harrisonburg, Virginia.

Next I want to introduce Mrs. Alva C. Richards, who before she changed her name was Miss Kathryn Painter. Mrs. Richards was at Elon in 1912. Her husband, Mr. Alva C. Richards, was also a student at Elon in 1912. He is a member of the firm, Richards Brothers, of this city, and is teacher of a very fine class of girls in the Sunday school of the First Christian church, in which capacity he is doing a splendid work. He is also auditor of the First church.

Then I am sure many Elon students will remember the Cather boys—Russell and Roy. They left Elon, I believe, in 1919. Both are making good. Russell has charge of a farm at Albion, near Winchester, and Roy, until recently, has been with the company of T. J. Cooper and Sons, wholesale merchants of this city. He is now a member of the firm of Cather Brothers, and will be engaged in the apple business at Charlestown, W. Va. Both of these boys are members of the choir of First Christian church. Russell is the teacher of the young ladies' class in the Sunday school, and Roy is the treasurer of the church.

And now I present Nelson F. Richards, a graduate of the class of 1918. He will also be remembered by many. "Nel" is making good. He is interested in a number of things here in our city, but he likes to sell apples, I guess, better than any other things in which

he is interested, he being a member of the firm of Richards Brothers, mentioned above. Nor does "Nel" forget his church. He is the popular superintendent of the Sunday school and chairman of the board of ushers of the First Christian church, and is rendering a splendid service to the church in many ways. "Nel" is unmarried, for reasons known only to himself. He may think he is too young—and maybe he is—but, well, anyway he is a dandy fellow and reflects honor upon his alma mater.

And the seventh Elonite of this Winchester group, the last and also the least, is this scribe of the class of 1914. He is the pastor of the First Christian church, of which, with one exception, all the persons mentioned above are members. About the best thing that has come to him is the honor of being the pastor of such a fine bunch of Elonites whose names are mentioned in this letter.

With all good wishes, I am,
Sincerely,
J. F. MORGAN ('14.)

100 YEARS AGO IN HAITI

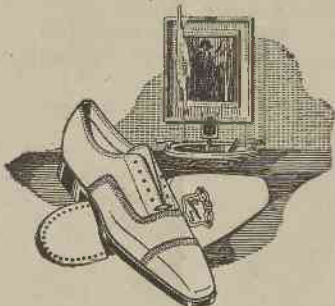

Next week we have an article that takes one into the realm of history and legend in Haiti. H. E. Rountree has given us one of the most interesting articles of the year. You will enjoy it.

NOTICE

The Elon catalogue that has been discarded by you is needed in reconstructing the records of the institution. Please send the one (or several) of any date, you may have, to Dr. W. A. Harper, Elon College.

"Will you let me?" said the student,
As he quickly doffed his cap—
But the maiden with a right hook
Handed him an awful slap,
And the student's face was crimson,
As he stood before the lass,
But he finished out his sentence,
"Will you kindly let me pass?"

Flapperism has invaded Japan. The Herald of Asia is protesting against this importation and complains that some of their more light-minded girls are trying to emulate this latest affliction of a much-suffering civilization. Bobbed hair, short skirts and raucous-tongued pertness are conspicuous in the port cities of Japan as well as in Tokyo.

The High Diving Contests Are Over

THE days of seeing how fast you can chase a shaving cream cap down the drain pipe are past. For here is a cap that can't get lost. It's hinged on. Think what a lot of minutes it will save. No matter how carelessly you handle your shaving apparatus, the cap is on to stay.

With a convenience like this cap you might be tempted to use Williams' Shaving Cream whether you cared much for the cream or not. But once you use Williams' you'll like it as well as you do the cap. For Williams' breaks all records for fast softening of the beard. And more, it is good for the skin—soothes it, keeps it in good condition always.

Test a tube of Williams' by judging it on every point you can think of—speed, lather, comfort. See if you don't think it's noticeably better.

Notice the hinged cap. You can't lose it—and the tube hangs up!
