Alumni General Secretary

1923 Alumni Orator—**REV. S. C. HARRELL, '09**, Durham, N. C.

ALAMANCE COUNTY WILL ORGANIZE

THE Executive Committee of the Alumni Association and the Committee on Organization of the Alumni Association met in joint session at the offices of the Standard Realty and Security Company in Burlington, N. C., on the evening of April 24 for the purpose of considering the matter of organizing an association of the Alumni and former students of the College who are now residents of the county. The matter was fully and enthusiastically discussed, and it was formally decided to effect such an organization. In view of this decision plans are being made to call together all the Alumni and "old guard" of the county for a luncheon and a "rousing good time" on the evening of Thursday, May 17, this luncheon to be served at some suitable place in Burlington. Official notice will be given by card in due time.

It is known that well beyond one hundred persons can be located in Burl-

ington and in the county who have at one time been students at Elon, and it is thought that this number will easily reach one hundred and fifty. Thus it is evident that we have an opportunity to form a very strong and active association here, an association that will make itself felt in its enthusiastic support of the fine program Alma Mater is undertaking to put on and will put on. And in addition to the service the association will be able to render the College, it will bring to us all an occasional season of good fellowship; it will mean to many of us the renewing of our youth if not the return of our "Sophomorical wisdom."

The Committee wishes all who read this notice to set aside the evening of May 17, and plan to be on hand for the luncheon. If you don't come, you will be sorry you didn't. This is fair warning to all that there will be "something doing" in Burlington that night.

G. O. LANKFORD,
Chairman Executive Committee.

Slides Are Shown At Y.W. Meeting Sunday

Prof. Hook Entertains With Views of Japanese and Porto Rican Conditions.

At the regular meeting of the Y. W. C. A. held Sunday evening, April 22, Prof. A. L. Hook gave a series of stereopticon slides picturing the life and conditions of the different social classes in Japan and Porto Rico.

The first set of slides was from Japan. These showed the home conditions of some of the poorer classes, the working conditions of Japanese girls among the laboring classes, and the educational conditions. One slide of especial beauty was that of a falls in the hills of Japan. Two slides which were of great interest to Elon students were those picturing the school building in which Misses Ito and Ohara attended school and the school of Miss Stacey, who is supported by the Christian church of Burlington.

The second set of slides consisted of scenes from Porto Rico. These showed scenes from nature, street scenes, homes of both wealthy and poor, the natives themselves, and the missionaries and their families. These pictures were taken by Mr. W. P. Minton last summer during his visit to Porto Rico with Dr. J. O. Atkinson. Several of the pictures included Dr. Atkinson. And one picture was of Rev. D. P. Barrett, his family, and some friends. This last one was of especial interest because it included the picture of the two Misses Barrett who are students here.

These slides served to show what a vast opportunity there is open to missionaries who will go into these countries and help the natives develop themselves along religious, educational and industrial lines.

Misses Lillian Harrell and Margaret Rowland spent a few days of last week with their parents in Suffolk and Franklin, Virginia.

A nice variety of "Durable Durham" Hose for both men and women at the College Store.

Psiphelians Render Excellent Program

Judges Mention Misses Lawrence, Burton and Homewood—Society Enjoys Evening.

The Psiphelian Society gave a very helpful and entertaining program Monday evening.

The first number on the program was a reading, "Fair Warning," by Miss Mary Graham Lawrence. This was very enjoyable and humorous, for the character of a small boy was well impersonated.

Miss Doris McLean read a paper on "Lost and Found." This paper brought amusement, as local touches were added to the Lost and Found list.

The society enjoyed an original dialogue by Misses Alice Weber and Annie Paschall. According to the dialogue, the hereafter of Mother Elon will be a pleasant one.

Miss Rosa Fulgham gave a helpful paper on the English Department of Elon.

An essay, "Where Shall We Anchor," was read by Miss Marjorie Burton. Miss Burton's paper brought to the society a moral lesson as well as thought along practical lines. Humor by Miss Louise Homewood was rich with local color and added much to the program. An interesting paper on the "Life and Works of Edgar A. Guest," was read by Miss Mabel Cheek. Miss Helen Johnson then favored the society by reading one of his poems, "Mother's Watch."

Those receiving special mention for the evening were Misses Lawrence, Burton and Homewood.

Power House Men Are Hosts At Stag Party

Power House is Scene of Action—Event Is Carried Off in Great Style Saturday.

One of the most hilarious and thoroughly enjoyed stag parties of the year occurred Saturday night, April 21, from 10:00 to 1:30 o'clock. It was held in the college power house. This had been well planned and came off in great style.

After the guests, seventeen in number, were assembled the program started by several selections by the "Two More" orchestra, whose wonderful talent is well known on the campus, being more often heard than seen as it usually works at night. The guests were then favored by a dual clog by the famous "power house cloggers", Messrs. Utley and Goins. They

OLD CLOTHES WILL SAVE MANY LIVES IN ARMENIA

Send Cast-Off Winter Garments to Near East Relief—Destroy Moths and Save Lives.

Housewives, clean out your clothes closets! Send all available warm clothing to the Near East Relief. Save human lives in the battle of Christianity against Mohammedanism.

This is the message sent to all homes in North Carolina on the eve of the Near East Relief "Bundle Day," May 1st, by Dr. E. C. Brooks, State chairman for the clothing drive this year of the Near East Relief. Those who haven't already sent their cast-off winter clothing to a Near East Relief collecting agency, are asked to do so at once.

Dr. Brooks is asking North Carolinians to contribute 150,000 pounds of warm, usable cast-off clothing at this time. This, it is estimated, will save 30,000 human lives next winter. The unfortunate Christian sufferers of the Bible lands have nothing but burlap bags and flour sacks to keep out the cold of a winter closely approximating that of our New England States.

Last winter many women, children and old men were found who had dragged themselves for miles, suffering from acute rheumatism or pneumonia, simply from lack of clothing. Others, whose lives could have been saved by sufficient warm clothing, just froze to death.

Dr. Brooks asks that all clothing be sent to the local Near East Relief chairman or sent to the Near East Relief Clothing Warehouse at Raleigh. Many schools are being used as receiving stations, pupils being engaged in the unselfish task of collecting garments for these unfortunate sufferers.

Governor Cameron Morrison has issued a proclamation declaring May 1st "Bundle Day" in North Carolina, and asking all true Tarheels to send all of their surplus clothing to this great humanitarian cause. Josephus Daniels, honorary State chairman, and Col. George H. Bellamy, State chairman are actively assisting Dr. Brooks in this drive.

Dr. Brooks and the State Committee are especially anxious to obtain as many as possible of coats, trousers, dresses, sweaters, wool gloves, mittens, blankets, boots and shoes (should be tied in pairs), shopworn garments, sheets (for bandages), new cloth or garments, and any heavy warm clothing in which there is still some wear.

The Near East Relief, on account of the rigors of an Armenian winter, cannot use laces, silks, veils, chiffons, evening clothes, satin slippers, muslin underwear, high-heeled shoes, straw or frame hats, and silk stockings.

did themselves great credit in this respect.

The most important part of the program, and no doubt the one most enjoyed, came next. This was the refreshments. A bountiful supply of club sandwiches, banana sandwiches, and pineapple sandwiches, along with plenty of good punch were served in the first course. The orchestra then rendered a few more beautiful selections, followed by an edifying solo entitled "Old MacDonald Had a Farm," by Mr. Goins. Following this cake in abundance was served, and then delicious candy was passed. The company then adjourned to the station to meet the 1:30 train where several lusty yells were given for the "Ball."

Those present were: McAdams, Andrews, Thomas, Utley, James, Goins, A. H. Hook, Wilkie, Morris, Whitesell, Colclough, Foushee, Sides, M. G. Wicker, W. W. Woody, M. J. W. White, and C. W. Hook.

It is reported that an inventor, after 13 years of experimenting, has succeeded in producing unbreakable glass. Some of the tests are throwing plates from a height of 12 feet to the ground, standing a temperature of 750 degrees, and driving a nail into wood with a cup.

The Professor passed him immediately

IT was the first question in the course on Shaving—"Why is the handy cap not a handicap?" and the student replied, "Because it can't get lost."

He referred, of course, to the Williams' Hinged Cap which you see pictured here. This invention puts an end for all time to the nuisance of hunting for lost caps. As you see, the Williams' cap is hinged on. It's the only college cap that you can't lose.

Williams' Shaving Cream is as pleasantly better as the new cap. For Williams' is the fastest beard softener known and, in addition, it is of distinct benefit to the skin. Try giving your face the wholesome care of Williams'. It makes you look and feel your best.
