JAKE BLAKE SAYS:

A gal's complexion depen's on de ability wid which she applies it.

The dedication of Alamance Hall will make a fine feature in the Commencement program, if they can complete the building by that time.

Some folks muckrake so much that they never see the stars. What we are trying to say is that Elon students would do more if they talked less.

Some people have so few brains that they rattle all the time.

There are numerous kittening critics hereabouts who have only learned to spit and mew.

We like a rooster who can back up his crow with his spurs.

OPEN SOCIETIES

From time to time there has been a movement toward open societies hereabouts, but no definite steps have been taken before. The Clio society has led in this movement, and they have | 000000000000 been followed by the Psykaleons. O The other two societies have not | 0 acted on the matter.

Open societies is a fact, a partial fact, and it is to be dealt with. We believe that it is a wholesome tendency, and at the same time we realize that it has its dangers There will be alumni who do not favor it, just as there are students now who do not favor it, but every step of progress is fraught with danger, and involves a risk.

The old time literary society of other days is passing. It no longer absorbs the interest and holds the exclusive place that belonged to it in the long ago. Today it has its rivals in a large number of organizations, equally helpful and equally clamorous for the student support. Whether the passing of the literary society of the olden times is to be lamented or not, we cannot say. We can say that the society must make an effort to be of larger service to the college and to the students if it is to remain at all a factor in college life.

The question is, will open societies aid the societies at Elon to be more serviceable? While we realize that on this point opinion is divided, and it is well that it is so, we repeat that we believe that to open the societies,-and by that we mean to allow the officers to be known, to open the programs to the public if they care to come, and to keep only the husiness sessions a secret stillwill accomplish this end.

Such an act will enable the officers to benefit by counselling to-

gether in a common cause. It He is fast, a good shot, and has a bag will place the literary society more on the basis of the larger secret orders, and it will aid in a mutual understanding and helpfulness among the societies.

It is going to take all the interest and devotion of the official bodies of the four literary societies to make it possible for the societies to live. Every year the percentage of those not joining a banquet, and Woody noticed that said society grows larger, and it will invitation had the initials R S. V. P. continue to grow larger. These officers need to feel free to counsel together in such matters, and to plan for mutual preservation.

It will give the literary societies a basis more nearly like that occupied by the great fraternal secret orders. They have open programs, their officers are known to the public generally, and it is possible for the Masons and the Knights of Columbus to unite in is ripe for them to book games with the a plan of co-operation for the com- leading high schools of the State. Of mon good of all.

And last open societies will aid in bringing about mutual understanding and helpfulness. In this day of closely integrated and correlated college life students can ed into a real "prep" school for the not go on hating each other. They have hated each other through the past, and Phi or Clio has been anathema to the opposite society. But today there are larger allegiances than to literary societies, and these allegiances will grow arger as the years come and go. The literary societies, therefore, must co-operate in bringing about a kindlier feeling. A rivalry is healthful, but hate is ruinous to those who hate and to those who are hated. It can not, and it will not be tolerated in the present complex student life. It is our opinion that the opening of the literary societies suggested above will aid in achieving ends impossible under the present order.

The literary society has a place # 異異国國國國國國國 in college life, not the all-absorbing place that it once held, but a very definite place and a very definite end to serve. Believing this as we do, we can but hope for the taking of a step which will, we believe, aid the societies to fill their place and to serve their end in the life of the college today.

Elon split even in the games played last week. Carolina and Lynchburg A. C. defeated us, while the Maroon and V. P. I. stinging defeats. Carolina was expected to win from us, as they have one of the strongest teams in the South. Trinity is the only team that Carolina for a kiss and waits for her to say "yes." has to vanquish to win the State championship, and that will be accomplished this week-end. Elon surprised even her most faithful supporters by winning over State College and V. P. I. They were good games and only the superb fighting spirit of Elon won the games. Keep fighting, fellows, we are back of you

Emory and Henry debating team which won the decision here at Elon is to be congratulated for the way they presented their facts They knew what they wanted to say, and they told it in such a way that every one else present knew it, too. We hope that Congress doesn't hear about this dual debate. Joe Banks and II. C. Hainer, upholding the negative side at Emory and Henry, also won. "Texas" says maybe Congress will defeat the next bonus on the facts he has shown. "Texas" is afraid that if Congress does grant the soldiers a bonus, a clause will be inserted whereby he will be eliminated. He talked so hard against it, they may think he doesn't want a bonus. Don't worry, "Texas," I'll let you count mine.

Elon high school basketball team is finding it a hard proposition to play teams who can offer much opposition. Coach "Chubby" Kirkland has the team workin in perfect order, and they completely smother all opposition. The time course, to do this, a way must be found Reflector. to pay the visiting teams' expenses Some one who understands the high school situation should devise a way to do this. Elon high school can be turncollege. The general opinion seems to be that the proper authorities are letting a good thing slip by Do you get the point? 28 28 28

Elon's next home game is Wednesday. February 6th. John B. Stetson Univer sity of Florida will be the opponent. No, it's not a hat company. It's a real live university, and is coming here determined to win. Let's get together and unload the "pep" that we have been saving. Remember that our team fights its hardest when the entire student body is present A good rule to follow is, forget your dignity at a game, and yell until your lungs become exhausted. Our team is now playing a "bang-up" game, and with the support of the entire student body will win most of the remaining games.

HUMANITY'S SUNSHINE MAKERS

The world owes a big debt to people who enjoy things as they are. There are very few days which bring us exactly what we want, few without our satisfaction. The people who take spite of the cold snap that kills the the unseasonable heat which brings discomfort, ho in spite of obstacles and disappointments find plenty to laugh about and to rejoice over, are humanity's sunshine makers.

Almost anybody could be happy, if he had the opportunity to make the world over according to his own ideas. But the people who enjoy life as it comes, sunshine and shadow together are the ones who make life glad for

Shaving Cream

Men buy Williams expecting to find their main satisfaction in the Hinge-Cap. But when they first use the cream they get an equally pleasant surprise. The heavier lather, the greater thoroughness with which it softens the beard, make a hit at once. Then, Williams lather lubricates the skin so that the razor fairly "glides" the hairs off. And last, there's that delightful after-care of the skin. Truly, you'll find that with the Hinge-Cap Williams is "miles ahead." It's a pure cream without coloring matter of any kind.

\$250 in prizes

For the best sentence of ten words or less on the value of the Williams Hinge-Cap, we offer the following prizes: lst prize \$100; 2nd prize \$50; two 3rd prizes, \$25 each; two 4th prizes, \$10 each; six 5th prizes, \$5 each.
