

PHILOLOGIAN PROGRAM THURSDAY INTERESTING

Many Subjects Are Discussed During the Evening's Work—Gunn, Gibbs and Denton Mentioned.

The Philologian Literary Society met Thursday night and gave one of the best programs of the year. Those appearing on the evening's program showed themselves well prepared.

R. H. Gunn, speaking on the "Christian Endeavor convention at Greensboro, N. C.," which was held recently in that city. Mr. Gunn was elected vice-president of the State Christian Endeavor at this convention. He told of some of the great plans made at this convention.

"North Carolina's progress in the educational field," was discussed by Jack Corbitt. Mr. Corbitt traced the progress for a number of years and brought out some interesting facts regarding the educational work of the State.

"The World's Attitude Toward Woodrow Wilson," was J. H. Dollar's subject. Mr. Dollar reviewed some of the great things in Mr. Wilson's life and told of what other nations thought of this great leader.

G. C. Crutchfield furnished humor for the society in what he called "spices of life."

The society got a good idea of some of the important things taking place in the world from "Current Events," which were well selected by E. W. Auman.

Y. D. Brannock told "Why people run away." This was very interesting. Mr. Brannock had his reasons arranged in alphabetical order and they were good.

"My favorite author," was the subject discussed by Lacey Ezell.

J. F. Voliva brought out some enlightening information in his discussion of "Natural Resources of North Carolina." He pointed out that North Carolina has great power in her water resources and minerals.

The debate, "Resolved, that pensions or allowances should be paid for from public funds to the mothers of dependent children," was next on the program. The affirmative was championed by F. L. Gibbs and Gordon Crymes, while J. R. Barker and J. N. Denton spoke on the negative side.

The decision was rendered in favor of the affirmative. R. H. Gunn was declared best oratorically, with Gibbs and Denton best speakers on their respective sides of the debate.

MISS ALICE BARRETT IS SPONSOR OF PHIPSICLI

Popular Member of Senior Class is Honored by Staff of College Annual.

During the past few days many sponsors have been chosen. The Phipsicli, now facing some of its hardest trials, felt that it needed a sponsor to guide it safely in these last months of rough sailing. The staff elected Miss Alice Barrett, of Ponce, Porto Rico, as its sponsor.

Miss Barrett is a very popular member of the Senior class and will be graduated from Elon this year. She, with other members of her class, has been working hard to put out an annual this year that will equal, if not surpass, any of previous years. She will no doubt feel honored to have her picture appear in the book of which she is sponsor. The staff is honored to have her as its guide.

ELINOR DORIS BROWN CHOSEN BY BROTHER AS BASKETBALL SPONSOR

Little Miss Elinor Doris Brown, the daughter of D. W. Brown of Elon College, has been elected sponsor of the Elon basketball team for 1924. Her brother, "Bob," is captain of this year's team.

Usually the sponsor of a team is the captain's best girl friend. It was not a lack of best girl friends, but so many of them that it was hard for Captain Brown to decide which was the best, that caused him to bestow this honor on his little sister.

Miss Brown is only six years old, yet she shows a great interest in the team of which her brother is leader. She attends the games that are played here. She also has another brother, Alph, on the team.

The team is proud of its little sponsor and she will no doubt realize some day what an honor she has had in sponsoring such a team as this year's team is proving to be. Her brothers are playing well on this year's team.

Little Elinor's picture will be in the Phipsicli, the annual year book, of the college. This section is always a beautiful part of the book and her picture will add greatly to this section.

LIBRARY IS MOVED TO NEW ALAMANCE HALL

Facilities Are Greatly Increased—Only One Day Lost in Transfer of Books—Gift Received.

The library has been moved from the old location gives the students access to manee Hall. The library now occupies the room on the west end of the second floor of the building originally designed as a lecture room. The library will remain in this location until the completion of the new Carlton Library Building.

The removal of the library from the old location give the students access to thirty-three hundred volumes. Under the old arrangement but one thousand of these could be used. This new location of the library increases its efficiency three times.

The present room is equipped with desks, tables and chairs for reading and work by the students. This was formerly impossible.

A number of bound volumes of magazines will now be available for reference work, and many more are ready for the bindery. These will be bound and placed at the disposal of the students at an early date.

During the moving of the library the students were deprived of its use only one day. Dean Louise Savage, librarian, feels gratified that the present arrangement has been so easily effected.

A gift of one hundred and eighty-seven volumes of colonial records have just been received from Judge Walter Clark. This is a valuable addition to the reference material of the department of history. Other departments have large increased facilities, and many general reference works are made available by the new arrangement.

Miss Bessie Martin spent the weekend with Miss Berta Crutchfield, at Mebane, N. C.

STUDENTS AND FACULTY ATTEND C. E. INSTITUTE

Held at First Presbyterian Church in Burlington Monday—Speakers Address Gathering.

Thirty members of the Elon faculty and student body registered at the C. E. Institute in Burlington Monday. It was a very instructive program, and a luncheon was served at the Hut of the First Presbyterian church at six o'clock.

At this luncheon the Elon delegation made things interesting with their songs and yells. The discussion of problems were left in the church, and the young people attending the institute gave themselves over to pure enjoyment.

Mr. Charles F. Evans, all-South secretary of Christian Endeavor, led the discussion groups on the various local problems of Christian Endeavor. In the evening Dr. Corey addressed the meeting on the youth movement and its effects.

The institute is one of a series of such now being held throughout the State. Many of the societies of the local churches were represented at the institute. The meeting was not, however, so well attended as the officers of the society had hoped.

D. W. BROWN VICTIM OF PAINFUL ACCIDENT

Mr. D. W. Brown, father of Robert and Alph, who are students here, had the misfortune to lose all the fingers on his left hand Friday afternoon. Mr. Brown was at work at his saw mill near the town and he was sawing the last piece for the day when his hand was caught in the saw.

He has suffered greatly from this accident, but at the present time he is getting along nicely.

Miss Jewell Hughes visited relatives at Haw River the past week-end.

DR. L. E. SMITH SPEAKS TO STUDENTS TUESDAY

Address Delivered at Chapel Service; Dr. Corey is Present and Speaks Also.

At the regular chapel service last Tuesday, the students heard with much interest Dr. L. E. Smith, pastor of the Christian Temple, Norfolk, Va., and Dr. Corey, of Kinston, N. C.

Dr. Smith dealt with the problems of the young people of today. He declared that he did not believe that they were worse than they had been before, and that the oldest known complaint of the older people was the degeneracy of the youth of the age. He cited the dress of the modern girl, and compared it with her dress of other generations. He pointed out that the world had fallen into the hands of such successive generation of young people with all their fads and fashions, and had steadily improved, and intimated that he believed that it would so continue.

Dr. Smith is an alumnus of Elon, and is at present president of the Southern Christian convention.

Dr. Corey, pastor of the Disciples church, Kinston, N. C., and a prominent worker in Christian Endeavor, spoke briefly.

He followed what Dr. Smith had said regarding the youth of today with a few telling phrases describing the youth movement of the world at the present time. Dr. Corey closed his address with an eloquent appeal that the students of the world unite themselves definitely against war. He declared that he believed that the sacred task of changing the whole current history rested in the hands of the students of today, and that they had the power to destroy war. "It has never settled anything, and it never will," Dr. Corey declared in speaking of war. He urged the students to exercise their power in its destruction.

Dr. Corey visited Elon from Burlington, where he had just been engaged in Christian Endeavor Institute work.

NEVELE CLUB HOLDS AN INTERESTING MEETING

Misses Morrow and Stanley Entertain Club Thursday Evening—Study Webster.

Complete in every detail was the entertainment given the Neveles Thursday evening by Miss Deloris Morrow and Miss Mae Stanley at West Dormitory.

A study of the English language with Webster for a guide, formed the feature of the entertainment for the evening. Miss Stanley presented the distinctive qualities of a good English teacher, and with a freak drop of the lower jaw was able to pronounce the most difficult words with ease and grace.

At nine-thirty when refreshments appeared, it was evident to all that a domestic science teacher had had her finger in the pie. The course consisted of pineapple flip with whipped cream, fruit cake, wafers, hot chocolate and mints.

Those enjoying the gracious hospitality of the hostesses were: Mesdames H. Babcock, W. F. Greenwood, W. A. Harper, F. B. Corboy, Alice Corboy, Janet Kirkland, Mary B. Runge; Misses Madge Moffitt, Ethel Hill, Florence Fisher, Louise Savage, Lydia Berkley, and Anna Helenstein.

Mrs. H. Babcock invited Nevele for the next regular meeting.

ELON QUINT VICTORIOUS IN TWO GAMES PLAYED

Defeat Stetson University and Statesville "Y" in Games of Past Week; Scores 25 to 20 and 37 to 26.

The Elon basketball team has been showing good form in the last few games played.

Last Wednesday night John B. Stetson University, of Deland, Fla., went down before the Elon quint.

This was the first time this team had ever appeared at Elon. However, the student body and spectators were unanimous in their praise of the showing this team made. They played a good, clean game throughout. The game itself was slow at times and both sides missed many good shots. There were many fouls called on both teams.

Volivia was the outstanding star in this contest for the Christians. The game ended by a score of 25 to 20.

The refereeing of Stines, of Trinity, was good. He called a good game and both sides were pleased.

On Friday night Elon went to Statesville and defeated the Y. M. C. A. team of that place by the score of 37 to 26.

The Brown brothers for Elon scored 16 points each for their team. Voliva was out of the game because of illness.

DR. HARPER BACK FROM IMPORTANT MEETING

Board of Christian Education Meets in Dayton, Ohio—Important Matters Discussed and Work Assigned.

Dr. W. A. Harper returned Monday from a meeting of the Board of Christian Education and its field secretaries in Dayton, Ohio. The meeting was a very practical meeting, and many matters of importance to the church and to religious education were discussed. It was voted to make this meeting an annual event to be held in February of each year.

Special work was assigned to various members of the field force, and the time of the secretaries was apportioned equitably among the five regional conventions. Miss Helen Stearns and Miss Lucy M. Eldredge are to formulate a system of graded lessons for the primary years. A system of points is to be made for the guidance of the more progressive schools, and a survey of the entire Sunday school work of the Christian church is to be made from the office of Miss Eldredge. Mr. Hermon Eldredge is to be in charge of the institute work and the arranging with the help of the directors of Christian Education of the itineraries of the officers conducting the institutes.

Mrs. F. E. Bullock was made superintendent of the Daily Vacation Bible Schools, in which field Mrs. Bullock is an expert. The summer schools of Christian Education are to be in charge of Miss Lucy M. Eldredge. In this connection each college is urged to give the use of its plant and faculty and to donate one hundred dollars.

Rev. W. P. Fletcher, who is a specialist in rural church problems, is to work in that particular field. It is expected that in that department Mr. Fletcher will accomplish much good.

A number of other things were done at the Dayton meeting, and it is hoped that the results will be far-reaching and gratifying. All boards are asked to make their posters and leaflets available for the use of the secretaries of Christian Education in order that they may perfectly correlate the program of the church.
