JAKE BLAKE SAYS:

I'll be wid you'rms dis year.

OUR WELCOME.

We welcome the old students to Elon again. We are glad you are back and ready to begin work again with that same old Elon spirit, or perhaps a newer spirit because of the new environment. Anyway we know you will still have that good old spirit of which we are all so proud and which means so much to us.

To the new students—we especially bid you welcome. We are glad that you have chosen Elon as your College and we hope that you'll never regret that decision.

You have doubtless heard something about the Elon spirit. Maybe you have already experienced it to a certain extent. We are sure that you have if you have ever visited Elon. We do not believe that anyone can come within the shadow of the walls of Elon or the shade of the stately oaks without getting the spirit of the place.

But if you are coming for the first time we hope that you will get the spirit at once and that it may be a part of your life, as it is a part of the life of every student who has ever been to Elon.

You are coming to college with a purpose—which we hope is a high and noble purpose—and you should allow nothing to detract from it.

We want you to feel at home and enjoy your college days. It may be different from high school or home, but there is no reason why you cannot be as happy here. We wish for you a full year of happiness and may this be the new beginning of a greater life of service for each of us and Our College.

RELIGIOUS ACTIVITIES ORGANIZATION AT WORK

Several Members Have Been on Hill for Sometime. Great Year's Work Expected.

Many members of the Religious Activities Organization Cabinet came on the hill very early in order to be here to welcome and get acquainted with the new students, and to render what help they could.

Plans are being worked out by the Cabinet officers for a great year's work. They are enthusiastic at the prospects.

W. B. Terrell, of Burlington, N. C., a member of the Senior Class, is president of the organization. Mr. Terrell has been very active in all college activities, and especially the religious

work. He has had considerable experience with the organization, having held offices with the Y. M. C. A. and Christian Endeavor. He served a while as secretary-treasurer of the organization. His wide knowledge of the work will no doubt enable him to lead the organization into great service.

Miss Annie Mae Lackey of Falston, N. C., is vice-president. Miss Lackey is a member of the Senior class and is very popular throughout the student body. She has a charming personality and very easily wins a place in the hearts of those she meets. She has had experience in the work of the Y. W. C. A. and Christian Endeavor.

W. S. Weathers of Raleigh, N. C., a member of the Junior class is secretary-treasurer for the organization this year. Mr. Weathers is well fitted for this work, having taken a course in the Commercial Department of the College and had much experience in stenographic work here at the College. He has been very active in all the religious work of the College.

The presidents of the different organizations that make up the Religious Activities organization are as follows:

- Y. W. C. A.—Ruby Rowland.
- Y. M. C. A.—G. C. White.
- Christian Endeavor—F. L. Gibbs.
- Ministerial Band—J. H. Dollar.
- Superintendent S. S.—S. H. Abell.

The leaders in all these organizations are interested in the religious life of the College and will work hard to make the organization accomplish much good this year.

The organization has served the College in many ways, and its influence has been felt throughout the entire community.

The support of every student is needed in making the organization the success it should be, and to help make it fill the place it is intended in the life of the College.

If father did the washing just once!

If every father did the family washing next Monday there would be an electric washing machine in every home before next Saturday night.

For fathers are used to figuring costs. They'd say: "The electricity for a week's washing costs less than a cake of soap. Human time and strength are too precious for work which a machine can do so cheaply and well."

You will live in a new age—an electrical age. Heavy tasks will be shifted from human shoulders to electric motors. Remember the letters "G-E". They are a symbol of service—the initials of a friend.

If you are interested to learn more about what electricity is doing, write for Reprint No. AR391 containing a complete set of these advertisements.
