"What caused that bump on the side
of your head?"

"Operation for appendicitis."

"What has that to do with your
head?"

"They ran out of ether and had to
put me to sleep with a hammer."

Dark brown were her eyes,
Gold shown in her hair.
Her neck resembled ivory,
And her cheeks were peaches rare.

Her teeth were tiny pearls,
Her lips a cherry red;
Could she have lived in ages past,
She'd reigned in Venus' stead.

I sighed and as I turned away,
Went slowly toward the door.
For she was just a waxen form
In a department store.

Daughter—"Papa, what is your birth-
stone?"

Father of seven—"My dear, I'm not
quite sure, but I think it's a grind-
stone."

President Coolidge lost his coat in
Chicago and was not aware of it until
he read the morning's paper in Wash-
ington containing the statement that
it was lost—Selected.

Never make an important decision or
enter into a big business deal on an
empty stomach. Your mind isn't work-
ing and you'll probably get the worst
of it, according to a professor of the
psychological department of the Uni-
versity of Chicago.

"I don't like the American girls be-
cause they wear their skirts too short
and paint too much," says a real sheik
from Cairo. He is Sheik Tolba Fabdalla
Abdallah Kantab, who recently spent a
vacation in Hollywood.

When Abraham Lincoln was offered a
glass of champagne on a sea voyage as
a cure for his sea-sickness he refused
on the grounds that it made men on
land sea-sick.

The Carnegie, the only ship of its
kind in the world, was built for the
study of the magnetism of the earth
and all iron and steel is dispensed with.
It is built wholly of wood as metal
would affect the compass and many deli-
cate instruments.

The Department of Agriculture has
introduced buds of the wild peach that
grows in the mountains of China. It
frequently attains a height of fifty feet
and is of rapid growth.

Most girls soon find there are many
laps in the race to the altar.

Sixty-seven out of every thousand
United States soldiers had the mumps
in 1918.—Selected.

A phonograph having records of brass
has been invented that can be heard
10,000 years from now.

A regular cat was Miss Gerber—
A chronic, consistent disturber—
Until she got careless
And laughed herself hairless
And lost her grouch at the SUPERBA!

"Tobacco Quids"—
As long as "Fatima" wears "Bull
Durham" hose, "Uncle Joe's" neck
will be in a "Picnie Twist."

Mother, (finding her son eating a
stick of candy on the steps): "Didn't
I tell you not to eat that candy until
after dinner?"
Small Son: "I'm not eating it, Moth-
er, I'm only sucking the juice out of
it."

Citizen: "That's my ear. The thief
is just fixing a blowout."

Policeman: "All right, I'll go over
and arrest him."

Citizen: "Sh-h-h! Wait till he gets
the tire pumped up."

One day a party of "gentlemen of
color" were going skylarking in a
wagon, driving a more than usual stub-
born mule. Finally the mule rebelled
and started to remonstrate with his
heels. In doing so, he struck the driver
in the head, knocking him from the
wagon. A passer-by ran up, inquiring,
"Is he hurt? Is he hurt?"
"Nossuh, Boss," said an old darkey,
"dat ole mule 'll walk kinder lame fer a
day or two but he ain't hurt."

If you have anything to say to a
mule, say it to his face.

Barber's Wife: "Doctor, what do
you charge me for this prescription?"

Doctor: "Nothing, madam."

Barber's Wife: "Oh, but doctor,
don't my husband charge you for a
shave?"

Doctor: "No, madam, he makes me
pay CASH."

It was in a negro congregation that
one brethren suggested that they need-
ed a couple of cuspidors in the church.
Another brethren from on the other side
of the church got up and said, "I
nominate Bill Jones for one of them."

"HOW TO STUDY"

The Students' Hand-Book of Practical Hints on the Technique of Effective Study
by
WILLIAM ALLAN BROOKS

A GUIDE containing hundreds of practical hints and short cuts in the
economy of learning, to assist students in securing MAXIMUM SCHOLASTIC
RESULTS at a minimum cost of time, energy, and fatigue.

ESPECIALLY RECOMMENDED for overworked students and athletes en-
gaged in extra curriculum activities and for average and honor students who
are working for high scholastic achievement.

Some of the Topics Covered

Scientific Shortcuts in Effective Study.	The Athlete and His Studies.
Preparing for Examinations.	Diet During Athletic Training.
Writing Good Examinations.	How to Study Modern Languages.
Brain and Digestion in Relation to Study.	How to Study Science, Literature, etc.
How to Take Lecture and Reading Notes.	Why Go to College?
Advantages and Disadvantages of Cramming.	After College, What?
	Developing Concentration and Efficiency.
	etc., etc., etc., etc., etc., etc.

Why You Need This Guide

"It is safe to say that failure to guide and direct study is the weak point in the whole educational machine." Prof. G. M. Whipple, U. of Michigan.

"The successful men in college do not seem to be very happy. Most of them, especially the athletes are overworked." Prof. H. S. Canby, Yale.

"Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely in vain." Prof. G. F. Swain, M. I. T.

"To students who have never learnt 'How to Study,' work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment." Prof. A. Ingie, Harvard.

"HOW TO STUDY" will show you how to avoid all misdirected effort. Get a good start and make this year a highly successful one by sending for this hand-book and guide NOW.
