There were seven tables arranged for cards and a genial group was present. The affair was held in the Y. W. C. A., which was given a gay festive appearance. The colors of blue and white were carried out very tastefully in the decorations of flowers, candle light and attractive favors.

Miss Catherine Harper, of Dover, Del., received the prize for high score, which was a lovely hand-painted perfume container. The consolation prize was claimed by Miss Margery Moore, also of Dover, Del.

Toward the close of the evening's entertainment the visitors and the present active members of the club very enthusiastically gave their yell. The guests showed their appreciation of the hostesses by giving a snappy yell for the Beta Omicron Beta.

Mrs. William Allen Harper was one of the guests of honor, and was extended a hearty welcome by all the members. It will be remembered that Mrs. Harper became an honorary member of the B. O. B. Social Club recently.

The register showed old members present: Misses Lois Corbitt, Ruth Walker, Mary Stout, Mary Addie White, and Mrs. C. M. Cannon. PHILOLOGIANS HOLD INTERESTING MEETING

That same old spirit that has always carried the Philologists to the front ranks of literary fame and prominence with flying colors was abundantly evident in last Tuesday night's meeting, as it has been all this year. It would have done an old Phi's heart good to have experienced it. The nature of the program itself was an incentive for serious thought and thorough preparation on the part of the performers; and that it was excellently rendered even the most skeptical would be forced to admit.

Every number seemed almost equally outstanding and as interesting as any that has been rendered here in many moons. R. N. Moses spoke on the spirit of knighthood and how it is practical today, especially in literary societies. P. G. Hook presented in an interesting manner a number of current events of the most importance, while Guy Veazey gave a valuable discussion of the racial problem of today.

Joe French then took his audience for a stroll into the large field of politics and predicted the nomination of Al Smith as Democratic candidate for president. W. P. Lawrence, Jr., spoke next of the value of the literary society to students; in preparing them to speak before an audience, acquainting them with the order of procedure in public meetings, and instructing them through the excellent programs prepared. M. T. Sorrell gave a humorous reading which filled the eyes of those present with tears of laughter; and H. York concluded the program by explaining how perfectly crazy the world has gone over the trans-Atlantic flight of Monsieur Lindbergh.
