ELON LOSES TO WAKE FOREST

Al Dowtin, Wake Forest captain, leads his team to a 42 to 25 victory over the Elon Christians on his home court. The Deacons took an early lead which the Christians were never able to overcome.

Dowtin and Scarboro were the bright lights in the Wake Forest offense, the Deacon captain scoring fifteen points during the game. Scarboro, showing his best form, followed with thirteen.

Fred Caddell, the fast stepping Elon forward, was the star for the Christians. He scored thirteen points during the night, ranking third in high scoring.

Captain Briggs, right forward for the Christians, was also a big gun. He was the second high scorer for his team with three field goals and three foul tosses.

The Christians were handicapped in this game owing to the fact that Sims, the stellar center, was out on account of injuries received the early part of the week.

Line-up and summary:

Wake Forest (42)	G.	FG.	Pts.
Dowtin, f.	5	6	15
Quillen, f.	1	1	3
Scarboro, f.	6	6	18
Paschal, f.	0	0	0
Hugh, f.	0	0	0
Jones, e.	1	1	3
Taylor, c.	0	0	0
Weir, g.	1	1	1
Wood, g.	0	0	0
Carter, g.	0	0	0
Lanning, g.	0	0	0
Total	14	15	42
Elon (25)	G.	FG.	Pts.
Briggs, f.	3	3	9
Walker, f.	1	1	3
Parker, c.	0	0	0
Watson, e.	0	0	0
Latham, e.	0	0	0

P. Caddell, g.	0	0	0
F. Caddell, g.	4	5	13
Total	8	9	25

Referee: Drennan (N. C. State).

CHRISTIANS MAKE BRILLIANT RALLY IN LAST MINUTES

The Elon five made a brilliant rally in the final minutes of their game against the Davidson Wildcats, but the Cats were able to score a 41 to 35 victory over the Christians.

Davidson held a marked advantage through the first half, leading 26 to 16 at the intermission, but during the second period the Elon eagles speeded up the play. Davidson had run the score up to 40 to 28 with only a few minutes to play when Elon got loose to count seven points while the Cats scored only one.

Parker, sub Elon guard, was the outstanding player for his school with Captain Briggs also showing up well at forward. Captain Pritchett and Calhoun were Davidson's stars and were also the night's high scorers.

Line-up:

Elon	G.	FG.	Pts.
Briggs (C.), F.	4	1	9
Kelly, F.	2	1	5
Simms, C.	1	2	4
P. Caddell, G.	0	0	0
F. Caddell, G.	3	2	8
Parker, G.	4	1	9
Rollins, G.	0	0	0
Totals	14	7	35
Davidson	G.	FG.	Pts.
Pritchett, (C.) F.	6	1	13
Calhoun, F.	6	2	14
Shepherd, F.	0	0	0
Johnson, C. G.	3	0	6
Rush, C.	4	0	8
Wilson, C.	0	0	0
Moore, G.	0	0	0
Goodson, G.	0	0	0
Proctor, G.	0	0	0
Totals	19	3	41

Referee: Rawson (Georgia).

SOPHS WIN OVER FROSH IN CLASS GAMES

The Sophs came from behind this afternoon by turning back the strong Freshman quintet. The Sophs took an early lead which the Freshmen were never able to overcome. The Sophomores dazzled the Frosh with the whirlwind offense. Their short and snappy passes were too much for the Freshmen.

At the half the Sophs were leading by the score of 17 to 9, but the second half opened with the Freshmen scoring three field goals to the Sophs one. The third quarter saw the Frosh trailing 20 to 24.

Register was the outstanding player for the winners both on offense and defense. He led his team in scoring with eleven points. Walton also played a stellar game at center.

The Freshmen showed a real fighting spirit at times, but the Sophs taking the lead at the beginning of the game proved too much for them. Parker was the outstanding man for the losers. He was also high scorer of the evening with a total of thirteen points. Dickerson also played a stellar game at center and forward.

This puts new life into the entire Sophomore team as it is the first game they have won in the contest. The Freshmen have won over both Sophomores and Juniors.

The line-up and summary:
Sophs (32) **Frosh (24)**
Rountree (4) F. (6) Dickerson
Register (11) F. (2) Roberts
Walton (6) C. (13) Parker
Dofflemeyer (3) G. (3) Smith
Tally (2) G. Mann
Doster (6) G. Peoples
Referee: Thompson (Elon).

PSIPHELIAN LITERARY SOCIETY HOLDS MEETING

The Psiphelian Literary Society held its first regular meeting of the year Thursday night, January 31, 1929.

There have been several call meetings, but our regular meetings have been postponed on account of ball games and the revival last week.

The Society was called together by the President and an extensive business session was held. A program was not given since one had not been posted. It was decided to discard all old programs and adopt new ones.

The committee appointed at a call meeting to arrange the annual Easter program is working hard.

CLIO LITERARY SOCIETY MEETS

The program was short, but of high caliber. Those appearing on it were: Mr. Delos Elder, who spoke on "The Value of a College Education," and Mr. Benton, who spoke on "Why We Must Go to College." Each one present enjoyed these gentlemen's discourses. They are to be commended for the material presented, and also for the diligence in preparing their respective speeches.

Once more, the members of the society had the privilege of discussing the program for February 22, 1929. This program promises to be a good one. The members who will participate in it are working hard so that the program may be a decided success.

We feel confident that the public will enjoy this program thoroughly, because it will be something entirely new. The members of the society have a surprise for those who attend.

The Clio Literary Society takes great pleasure in extending a cordial invitation to attend its annual entertainment. Be sure to take advantage of this opportunity, because you will regret it if you don't. We are certain that you will be delightfully entertained, and that you will feel well repaid for your attendance.

ELON BEGINS SPRING FOOTBALL

Coach Walker has planned to open Spring football next month. Due to the fact that Elon has an abundance of material that can be developed by some practice, Walker has decided to arrange for all who can get Spring practice. The exact date for beginning has not been announced as yet. Captain elect Smith is to have charge of the practice. Smith has been a stellar light on the Christian team in the past, and we are sure that he will prove fully capable of the task as coach.

The men are showing great interest in Spring training, and we can be assured of a good number for practice. The fact that Elon has not had Spring practice heretofore should make it more interesting and helpful for our team.

Walker, Kelly, Caddell, Watson, and Latham will be unable to report until after our basketball schedule is finished. With the opportunity for Spring practice our team should establish a better record in football next year.

CHRISTIANS FACE STRENUOUS WORK

(Continued from Page 1)

call to take his place at Wofford and Davidson.

All of the teams encountered this week have been playing a fast brand of ball and will give the Christians severe competition. The team is conceded a chance, however, in each of the conflicts, and is expected at least to break even on the week's games. It is reported that Defiance is sending a fast combination of six-footers into the Southland. This team defeated the Elon team last year on the Defiance floor, 27-25. The Christians are hoping to avenge that defeat this year.

PROF. VAN CLEAVE ADDRESSES MINISTERIAL ASSOCIATION

The Ministerial Association met in regular session, Thursday evening at 7:30 P. M. The meeting was called to order by Ray N. Moses, President. After a short business meeting, Mr. Moses introduced Professor Van Cleave who gave an address that would be profitable to any one, and was particularly suitable for the Ministerial students.

Taking for his subject "Limping Along" or "How long halt ye between two opinions?" (Kings 18:21), Professor Van Cleave said in part: "Like the people of Elijah's day we are too much inclined to simply limp along and have no convictions of our own. We have difficulty some times in knowing what to do, but it is our business to have some convictions of our own and to try to put across something that will enable people to live better. Doubt has its place in life, but if we continue to doubt we will not get far in life. If our knowledge gives us good reason to doubt old theories then it is well enough to do so, provided we build something better based upon this knowledge. Some of our most important reforms have been based upon doubt of old ideas. America probably never would have been discovered had not somebody doubted the old theory that the world was flat.

"We should strive to learn facts as a basis for motivation in life. And when learning, do so without bias. On the basis of the facts learned we must build convictions which are our own. These must be dynamic convictions which result in action. In spite of all difficulties we must act upon our own conviction and strive to learn more and at all times be willing to use the best we have.

"In conclusion, we can not wait for perfect knowledge but must unify ourselves upon the best we know, launch out in the great task of changing human society, where it needs changing, act upon our convictions, and not simply 'limp along.'"

MANAGEMENT CLASS VISITS MAY'S HOSIERY PLANTS

A group of students in industrial management under the supervision of Professor Tower, made a trip to Burlington this afternoon for the purpose of making a study of the May hosiery plants. Mr. Brown Fogleman, an employee of this firm, showed us through the mill. He explained the different processes from the raw material to the finished product. All the members were much interested, and the trip was very enjoyable and helpful. This trip is a part of the requirements of the course in Industrial Management here, and is the first of several that will be made this semester. Prof. Tower, head of the Department of Economics and Business Administration, as well as the students who visited this concern, thoroughly appreciate Mr. May's courtesy and kindness. We are also very much indebted to Mr. Fogleman for his fine co-operation.

JOKES

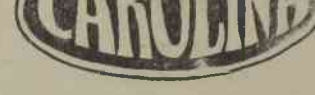

Levi Wilkins: "Gee, I sure got a load off my shoulders."
Freshman Chandler: "What happened—wash your neck?"

Drill knocking on "Rubber Stevenson's door: 'Eight o'clock.'
R. Stevenson (sleepily): "You did! Better see a doctor about it."

Prof. Barney: "Hartley, your papers remind me of the west."
Hartley: "Why so, Professor?"
Prof. Barney: "Because of the great open spaces."

"Country Maness and Taft Williams wanted to go Burlington. They had decided to try something new, so they were standing down on the highway trying to catch rides when a peculiar looking automobile passed.
"Look at that," said Taft.
A moment later a motorcycle swept by at a terrific rate of speed.
"Say, I didn't know the darn thing had a colt," said Maness as he caught his breath from the excitement.
