A fair face may be a foul bargain.
Tech Peoples: "Professor Martin, what
is the significance of the year 1502?"
Prof. Martin: "Um, let's see, what is
it?"
Tech Peoples: "The first centennial of
Columbus' discovery of America."

Hot Pup: "May I ask you for this
dance?"
Young Lady: "Please do. I've been
dying to refuse you all night."

"Cut it out," cried the patient as the
doctor grabbed his tonsils.

Manager: "Don't you know you are not
allowed to whistle in the lobby?"
Bell Hop: "I ain't whistling, Sir; I'm
pagin' Missus Brown's dog."

Prof. Gulley: "Mr. Ititt, define 'Capital
and labor?'"
Ititt: "If I loaned you \$10 it would be
capital. Then when I tried to get it back
it would be labor."

Brawley, announcing in dining hall:
"Tonight there will be a dinner in honor
of Dr. Smith. If you don't have the
clothes, come anyway."
Smart Aleck: "There will surely be a
crowd here, then."

Jimmie: "We're coming to a tunnel;
are you afraid?"
Elizabeth: "Not if you take that pipe
out of your mouth."

Delmont Griffin: "Darling, I love you
terribly."
Vn. Dare Black: "You certainly do."
