

Tommy Williams Given Ovation As He Entrain To Join Connie Mack

Tommy Williams has left for the big league!

When the late train left last Wednesday night, a crowd of well over 200 students was at the station to say so long to Tommy and to wish him the best of luck in a venture he has probably dreamed about ever since he was old enough to throw a baseball.

Tommy has a mighty tough road to travel. Each year hundreds of young boys make such a trip, and only a very few ever remain long enough to throw one ball in an official game. So too much cannot be expected of him.

The dean of all baseball managers, Connie Mack of the famous Philadelphia Athletics, will look Tommy over. It's all strange territory for Tom. He has never been up farther north than Washington, and he will undoubtedly be more nervous than he has ever been in his whole life. Several of the Athletics are former college players with whom Tommy has come in contact in his four years of college ball, and they should make him feel more at home.

Most likely Connie Mack will keep Tommy around a while to study his delivery and see what potentialities he has; then ship him off to a farm team where he will get valuable experience. But don't be too surprised if you see Tommy's name in a big league box score real soon, for he's got plenty on the ball right now.

Tommy plans to return next week to take his final examinations and tuck his sheepskin under his belt, and we'll all be able to get some first hand information as to what big league baseball players really do, and how the game is played under the one and only Connie Mack.

Roach Captures Elon Hitting Laurels

Roach, heavy hitting third cocher, hit a "lusty" 878 the past season to lead the Christian hitters for the second consecutive season. He led last year's weak hitting team with a neat average of .323. Roach, who hails from Snow Camp, maintained a capable margin over the rest of his teammates throughout the entire season and the winner of the batting crown was never in doubt. "Jiggs" has proven himself to be a valuable asset to the baseball team and he will be greatly missed next season. Although only a sophomore, Roach has announced his intentions of not returning to school next year.

The 1935 Christian team produced five .300 hitters. The others are as follows: McCraw .323, Shelton .323, Captain Barrow .316, and Abbitt .309. Roland Longest was the "hitting pitcher" with an average of .306.

Captain-elect Andy Fuller led the pitchers in the won and lost column with five victories and one defeat. Williams was credited with five wins and two losses; followed by Longest who won four and lost two. Herb Jenkins won one and was credited with no losses.

Below is a complete list of the players who hit above .300.

Roach, 3b	.378
McCraw, ss	.333
Shelton, c	.323
Barrow, of	.316
Abbitt, 1b	.309
Fowler, 2b	.284
Fone, of	.269
Laughon, of	.225
West, c	.219

I.T.K. Defeats North In Softball Series

The Iota Tau Kappa fraternity defeated North Dormitory May 18 at Comer Stadium 4-1 to take the campus soft ball championship with three straight wins. McBrayer hit a homer to lead the I. T. K.'s hitting along with Caruso and Jones.

I. T. K. won the first game 1-0 as Bradley singled Lillian home with the only score of the game in the first inning. This game was a pitcher's duel between Manager Whitley of I. T. K. and Causey of North. The pitchers allowed three and four hits respectively.

The score of the second game was 6-4 and the outcome was decided in the last half of the final inning. The score was tied at 4 when Kaslow hit a home run with one man on base in the last half of the seventh to win the game.

One of the main attractions of the series was the consistent debating with the umpires by Manager "Donald Duck" Ansheleytz of the North Dormitory team.

Players participating in the series were: Paul, Capillary, Senter, Brennan, Sil Caruso, James, Litchfield, Art Lee, Fowlkes, Causey, and Hill for North Dormitory; and Lillen, Joe Caruso, Walker, Bradley, McBrayer, Finley Lee, Jones, Kaslow, Whitley, Taylor, Cherish, Day, Cromlish, and Huffines for the I. T. K. fraternity.

This marked the second championship the I. T. K.'s have won this year. They won the football championship and were runner-ups in basketball. Incidentally, they lost only one intramural contest in all three sports.

Christian Baseball Team Ends Campaign In Second Place

Splitting a two-game series with the Lenoir-Rhyne Bears at Hickory on May 6 and 7, the Christians closed the season with a record of fifteen games won and five lost. On May 6 Elon defeated Lenoir-Rhyne 4-3 behind the hurling of Longest and Williams. Longest pitched scoreless ball until the ninth when the Bears nicked him for three runs. Williams relieved him at this point and stopped the rally. Barrow with three hits out of four attempts led the Christians.

The Christians lost the final game of the season to the Bears by the score of 4-3. The game was a close-fought contest featured by home runs from the bat of "Jiggs" Roach and LeRoy Fone. The game was a pitcher's duel between Lenoir-Rhyne's Little and Elon's Williams. Little held the Christians to six hits while the Bears were reaching Williams for nine "Pat Shores hits" (that's every time a man gets on base).

The Christians, under the first year tutelage of Coach Horace Hendrickson, finish 1 in second place in the North State Conference. The Champion Catawba Indians handed Elon two heartbreaking defeats, 5-3 and 5-4, that cost them the conference championship.

College Quotes

"The young men and women who are in colleges and universities today are the ones who will have to bear the burden of actual warfare, fill the trenches, man the

Fuller To Captain 1939 Baseball Team

At a recent meeting held by Coach Horace Hendrickson Andy Fuller, star sophomore righthander from New Bern, was elected to captain the Christian baseball team next season. Fuller deserves the honor of being elected captain and should make the team a capable leader. When Andy is in the ball game he always works hard and gives what he has in an effort to win. He was one of the leading pitchers in the conference last season and he led his team in games won and lost this year with five victories against one defeat. Fuller succeeds "Wheel" Barrow of Snow Hill as leader.

Coach Hendrickson also announced, at this meeting, the players who earned monograms for their past season's work. Those winning monograms were: Captain Barrow, Snow Hill; Captain-elect Fuller, New Bern; Ex-captain Fowler, Snow Camp; J. B. Roach, Snow Camp; James Abbitt, Roxboro; Roland Longest, Beaufort; Amos Shelton, Greensboro; Floyd West, Enfield; Marshall McCraw, Gaffney, S. C.; Tommy Williams, Washington; Herb Jenkins, Maiden; LeRoy Fone, Alexandria, Va.; Walter Laughon, Portsmouth, Va.; and Manager Woodrow Wilson, Mebane.

battleships, and the taxes of increasing public debt." S. P.

"We adapt ourselves to the mediocre. We spoil many fine bricklayers and plumbers by subjecting them to a college education."—The Rev. Raphael C. McCarthy, president of Marquette University, who believes there should be fewer college students.

Lost And Found

LOST: Note book. Please return to "Wimpy" Fowler and try to get a reward.
LOST: Now is the time for all good men to return the BOOKS they have borrowed. D. J. Bowden.
DITTO: L. C. Dickinsia. Ditto again: F. Collins.
LOST: Library book. "Textiles" by Woolman. The Library.
LOST: A yellow sweater on which there is a Pi Kappa Alpha pin. Louis Hubbard.
LOST: A fair Dr. Graybar pipe, with excellent cake. If found return to Tom Furness — reward?
FOUND: A blonde hair on my coat lapel. Owner may have come by identification. Leften Harris.

REELING ALONG

Gold vs. Wheat. Which do you consider more important? Half the night spent arguing this query with one of Dr. French's polished young orators wouldn't be half so interesting as seeing Olivia DeHavalland and George Brant settle it on the celluloid—no reflection on your orators, Dr. Merton. The picture billed for May 20 and 21, "Gold Is Where You Find It", is the story of the desperate fight between the wheat farmers of the Sacramento Valley and the hydrolic miners, who attempted to mine the gold from that region. Packed with action, excellent technicolor photography and 'human interest', this picture merits its rating of one of the ten best pictures of the year.

That Jimmy Fiddler touch: The star of this film, Miss DeHavalland, fell on a big rock while on location for this picture and broke one of her front teeth. Production was held up till a dentist could be rushed to the scene to rig up a wax tooth for the rest of the picture.

Your Movie snop wiggled her way into a sneak preview of the film entitled "Elon From The Air" which was shown to a selected audience recently. Now there is a picture for you! Professor Hook makes a feature star of Oma, who is waiting breathlessly for offer of a contract from some of the West Coast companies since she has seen the film. If it would be more encouraging to say when she gets her contract, who will explain to the oncoming Freshmen about the little green cards? But back to the picture: It is thrilling to see Elon from above after having learned and loved its "Ground Plans" so well. Nell Loy and her May Court are included in this technicolor film—a very beautiful occasion seen again. This is a fitting short subject for the last Elon movie and one, I am sure, that every one will want to see.

This production marks the close of a very successful theatre season for Elon College. The only pictures on the student choice lists not shown were the films starring that versatile lady, Mae West. (No relation to the Business Manager, he is sorry to report). To Professor Hook and his crew of production men, a BIG hoo! for a most enjoyable season!

SHE COMBS THE WORLD FOR PICTURES THAT THRILL

What Margaret Bourke-White, famous photographer, said when Ralph Martin asked if she found a difference in cigarettes

"I've found that Camels are very, very different, Mr. Martin—not just in one way, but in a lot of ways. For example, my nerves must be just as trustworthy as a sleepy jack's. Camels don't jangle my nerves. They taste extra-mild and delicate too. Camels never leave an unpleasant after-taste, and they're so gentle to the throat. In fact, Camels agree with me in every way! I think that's what counts most—how your cigarette agrees with you!"

"Cigarettes seem pretty much alike to me. Do you find some difference between Camels and the others, Miss Bourke-White?"

STEEL MILLS, dams, skyscrapers, subways (as above)—appeal to Margaret Bourke-White. She's gone all over the United States. Her photographs are famous. They're different! Miss Bourke-White made that same remark about Camels to Ralph Martin at the New York World's Fair grounds (right).

PEOPLE DO APPRECIATE THE COSTLIER TOBACCOS IN CAMELS

THEY ARE THE LARGEST-SELLING CIGARETTE IN AMERICA

ONE SMOKER TELLS ANOTHER "CAMELS AGREE WITH ME!"

Loading growers tell their preference in cigarettes—It's Camell

"We smoke Camels because we know tobacco, tobacco planters say"

I smoke Camels—I know there's no substitute for expensive tobacco. Most planters favor Camels.

"I'm a tobacco planter," says Verner Hatton, who has grown tobacco for 25 years. "The Camel folks pay a sight more for our better tobacco. Last crop they took my finest grades."

"I've been planting tobacco for twenty years," says Harry C. King. "The Camel people bought the choice lots of my last crop—paid more for my best tobacco. So I know they use finer, more expensive tobacco in Camels. That's one mighty good reason why my cigarette is Camell."
